Portsmouth Bypass Clears Final Hurdle

The Portsmouth Bypass project is a done deal. After consideration by the state's Transportation Review Advisory Council (TRAC), and a preliminary vote on the original draft list, the Council voted Thursday to fund the \$440.5 million project which will link U.S. 23 with U.S. 52, completely bypassing the city of Portsmouth.

State approves final construction project list

The Transportation Review Advisory Council formally approved 41 new construction projects at its meeting Thursday. The projects, which total \$2.9 billion during the next six years, were unanimously approved by the nine-member TRAC board Thursday. Several projects were expedited because of additional Ohio Turnpike dollars.

State transportation panel fast-tracks \$2.9 billion in road projects

With \$2.9 billion in transportation priorities now set, Ohio Department of Transportation Director Jerry Wray said the state has a new problem to tackle: not turning the highway system into an orange-dotted parking lot.

The state's Transportation Review Advisory Council voted yesterday to fund major projects across the state, including more than a dozen in central Ohio. The vote fast-tracks some projects by as much as 12 years in a new funding plan that Gov. John Kasich outlined this summer.
