"Up in Walton Hills" albums depict the lives of the people who lived in this community from 1936 until the present year.

How the "Up in Walton Hills" albums were saved and acquired by the Walton Hills Historical Resource Center:

Weekly columns titled "Up in Walton Hills with Country Jane" appeared in the *Bedford Times-Register* from 1949 until 1963. These articles were written by Bedford Township residents living in the 'Walton Hills' section of the township: **Florence Wagner, Ruth Marquardt, Helen Laing and Georgia Pace**, all of whom wrote under the byline 'Country Jane.'

Florence Wagner wrote the weekly columns from 1949 until 1955. Armin and Florence Wagner lived at 7450 McLellan Drive. From 1955 until 1958 Ruth Marquardt of Alexander Road wrote the columns. In 1959 Helen Laing wrote the articles. Jack and Helen Laing lived at 160 Walton Road. Lastly, Georgia Pace wrote the columns from 1960 to 1963. Georgia and Ben Pace's home is at 17836 South Meadowpark Drive.

Ludwig Shaner Conelly, owner of The Conelly Realty Co., collected the "Up in Walton Hills with Country Jane" articles, plus other articles, fliers and photos of this part of Bedford Township. General Conelly gave his collection to **Betty Walton** of Walton Road. Betty Walton continued to collect articles and then in 1980 turned everything over to **Joe Mazzone** of Carmany Drive. In 1985 Virginia Mazzone gave the scrapbook material to **Jean and Bob Kainsinger** of Orchard Hill Drive.

In 1999 the Kainsingers assembled the collection of data into albums labeled "Up in Walton Hills." The albums include additional newspaper articles and photos collected by many other local residents. The albums are chuck-full of an assortment of material of local interest.

Origins of the Walton Hills Historical Resource Center

1. Beginning in the 1930s, L. S. Conelly, a local Realtor-Developer, started a collection of articles, fliers and photos that related to the "Walton Hills" part of Bedford Township.
2. Years later L. S. Conelly gave the materials to Betty Walton of Walton Road.
Betty Walton put the papers in a scrapbook, and continued collecting material.
3. In 1980 Betty Walton turned everything over to Joe Mazzone of Carmany Drive.
4. In 1985 Virginia Mazzone, Joe Mazzone's widow, gave the scrapbook to Jean and Bob Kainsinger of 18955 Orchard Hill Drive.

5. The "Up in Walton Hills with Country Jane" Articles:

From 1949 through 1963 there was a weekly column in the *Bedford Times Register* called "Up in Walton Hills with Country Jane."

The articles were written by 4 Walton Hills women, all under the byline "Country Jane."

They were Florence (Armin) Wagner of 7450 McLellan Drive, Ruth Marquardt of Alexander Road, Helen (Jack) Laing of 160 Walton Road and Georgia (Ben) Pace of 17836 South Meadowpark Drive.

Their years of writing the articles:

Florence Wagner	1949-1955	Ruth Marquardt	1955-1958
Helen Laing	1959	Georgia Pace	1960-1963

6. The current Village Hall Community Room, which was completed in 1972, has shallow hand-crafted show cases and deep hand-crafted cabinets. For the first 16 years, the show cases were empty and the cabinets held a few trophies.
7. When Bob Kainsinger was in Council, the 12 years from 1988 through 1999, he asked Jean to decorate and fill-up the Community Room show cases and cabinets with items of local interest.
8. The Kainsingers transferred the scrapbook material into acid-free pages, assembled them into "Up in Walton Hills" albums, and put them in the Community Room cabinets.
The albums include additional newspaper articles and photos that were contributed by several residents.
9. In 1999 the Kainsingers officially turned over the collection of material to the village.
10. With approval from the Village, the Walton Hills Historical Resource Center became a reality.
11. Volunteers Jean Kainsinger and Ruth Money of 7075 Walton Road volunteered to co-chair the Walton Hills Historical Resource Center and through their joint efforts during the past years, the Walton Hills Historical Resource Center has grown from 4 albums to over-flow.

Combined Charities

The National Foundation (polio) continues to refuse all funds collected in combined drives such as that of Walton Hills. For this reason, those who wish to contribute, should send their contributions to the Cleveland headquarters by mail.

Rangers

The riding club held its first meeting of the year Jan. 6. The following officers were elected: President Mac Mills, Sr.; vice-president, Mrs. William Lindauer; secretary, Mrs. Larry Pohl; assistant secretary, Norma McDonald; treasurer, Mrs. Robert Ankney; and assistant treasurer, Lillian Kral.

At the meeting, a standing day and time was set for those who are able to get their horses out for group rides. For the present, plans are to meet every Sunday afternoon at 1 p.m. in the field off Dellwood Drive. Anyone wanting to ride with a group should plan to be there.

Sometimes it is more fun joining with the rest of the riders than riding alone. Club members are hoping this will encourage more riders in the village and surrounding areas to get their horses out for more exercise. All of them need it badly in this kind of weather.

Due to the Estates Club meeting at the same time as the Civil Defense meeting, General Ludwig Conelly felt it would be better to postpone the latter until Monday, Jan. 25 at 8 p.m. in the Conelly Realty office.

Raymond Brown will present an informative movie.

Mayor Young reported to officials of the deposition of the case heard before Judge Crudel of the Garfield Heights Municipal Court concerning two individuals who were apprehended for breaking and entering and grand larceny in our village. He advised them of the sentences and fines imposed on the defendants and also that full restitution is being made to residents of the village who were involved. The thieves received a two-year probationary period.

This is a fine example of excellent police work and also what can be done when neighbors take time to report the presence of suspicious characters to our police department.

Women's Club

Vice-president, Mrs. Emanuel Stora, has done it again. Another worthwhile program is planned for the next meeting titled "Lost in the Stars."

It will be a review in dance of Alan Paton's Book "Cry the Beloved Country". Ruth U. Nobel will present dances to seven recordings from the musical "Lost in the Stars" by Anderson. Mrs. Nobel has a change of costume for each dance. Narration is by James D. Nobel.

Boy Scouts

The scout open house on Feb. 8 was a big success. High spots of the evening were the skits put on by the three patrols. The plot, actors and props were supplied by members of each patrol.

The Wolf Patrol put on a skit called "The Cheat," with the moral theme that crime doesn't pay. Since all the players ended up "dead" their theme was emphatically brought home. The actors were Don Stevens, a card player; Pete Pletka, another card player; Frank Sorgatz, the sheriff; and Gary Hansen, the bartender.

The Pelican Patrol's skit, "An Average Saturday Night Camp Out," portrayed what a poor scoutmaster had to go through at a camp out. Kim Thiele played the part of his father, Scoutmaster Vern Thiele.

Bill Strachan, Chris Sacash, Ralph Maggio, Paul Bedo and Ronald Richer played "typical scouts." Richard Maggio acted as narrator and scout.

"Scoutmaster" Thiele's snores were a signal for all the scouts to start a game of football or a pillow fight. After repeated threats by the scoutmaster, the boys finally settled down to sleeping, just in time to get up to start breakfast.

The Scout District Commissioner, Joseph Cornelius, pointed out the many returns a community and the nation receives from boy scouts.

Parents were treated to a Court of Honor for which presentation of several merit badges and promotions had been postponed.

Bill Morris, senior patrol leader, initiated Chris Sacash to tenderfoot scout. Bill Strachan and Bill Morris received their cooking merit badges, Jim Yurichak and Joe Carol received theirs in house repairs.

Ronny Brown set up a display of the troop's camping equipment in the basement and his mother, Mrs. Ed Brown, and Mrs. Nick Maggio served refreshments.

"Scoutmaster" Thiele, now unable to awaken the scouts, crawls into bed with them, muttering something about "If you can't beat them -- join them."

Fox Patrol's skit was "A Typical Scout Meeting", in which everything was as untypical as possible. The scouts were Jim Yurichak, Joe Carol, Sanford Ralsten, Kurt Warnke, Charles Pike and Dale Shay.

A more unkempt group of scouts never existed. The meeting consisted mostly of spit ball and pea shooting and card playing. Their moral was "You only get out of scouting what you put into it."

Mayor Tom Young of Walton Hills gave a talk acknowledging the contribution of scouting towards combating delinquency and proclaimed the week of Feb. 8 as Boy Scout Week in Walton Hills.

Dan Taussig, chairman of the scout committee, welcomed the parents and made known the troop's need for an outdoors man and the coming need of a new scoutmaster to replace Thiele when his resignation takes effect. His resignation was made necessary because of the extensive and unpredictable traveling caused by his business.

At its meeting, March 1, Ordinance 1960-9 was read for the second time. It will have to be read once more before it can be considered for passage. This ordinance would compel all lot owners, residents or not, to cut weeds during the summer months.

Mayor Thomas Young reported negotiations were being made for repairs to Dunham Road.

He also stated that application is being considered for a traffic light of the activated type to be installed at the Ford Plant guard house. The traffic pattern has been changed so that all incoming traffic will enter on Alexander Road and outgoing will leave at the light.

Arrangements will be made with Ford Motor officials to operate the light manually whenever necessary. This pertains in particular to Northfield Park traffic.

The mayor reported the 1960 Ford police car has been delivered and is now in service.

Walton Hills Club

At the trustees meeting of the Walton Hills Club last week, Tony Struna, park superintendent, reported that the lake will be drained as soon as weather permits.

Plans for the learn-to-swim program are being formulated according to Denver Smith, recreation chairman.

This year, in addition to the regular learn-to-swim program for children, a teen-age and adult program is being planned, as well as life-saving.

Recreation committee feels that the learn-to-swim program would be a greater success by concentrating effort from June 20 through July 1, rather than stretching it out over a ten-week period. In this way, a water show can be presented at the July 4 picnic instead of Labor Day.

At present, club membership stands at 31 families. Application cards and invoices will be sent to all residents of the village who have never been members. Your check for \$25 will entitle you to a year of fun for your whole family.

Women's Club

Due to a misunderstanding, the Eva Parch spoon mum will not be sold at the May meeting of the Women's Club. As is stated in the Ladygo Nursery 1960 spring list, the price of the mum is 75 cents each, which is the standard price of the new introductions to the mum varieties.

The nearly-new clothing sale will be Saturday, April 9, at the village hall from 12 noon to 4 p.m.

Members are reminded to bring any type of clothing Saturday morning, April 9, from 9 a. m. to 12 noon.

Don't forget to mark each article with tag stating your asking price, size and name. The club will retain 25 per cent of the selling price for its treasury. This is an excellent opportunity for you to dispose of those nearly - new clothes which have been out-grown by your family.

Please remember, this is not a rummage sale. Only clean clothes in good condition are desired. Sale is open to the public. Please pick up unsold clothing immediately following the sale.

If you feel the program is what you want and are prepared to back up your "Aye" with \$250 for a share, you must be there to vote.

If the program doesn't appeal to you, and you can't see parting with \$250, your vote is important.

In either case, you have about a month to pay your dues in order to voice your opinion at that May 9 meeting. The success or failure

of the meeting depends on 1960 paid-up-members.

In early Christian times the egg received a religious interpretation and became the symbol of the new birth. It makes us think of the Resurrection -- of Christ coming out of the tomb.

A third dinner meeting initiated by the administration of the Village of Walton Hills, with 35 representatives of local industry, was held last Wednesday at the Ford Motor Company Stamping Plant on Northfield Road.

At a prior meeting, industry favored the co-operative effort in overall landscaping of the industrial zoned area of the village. On January 19, Council enacted an ordinance providing for aerial photographs of the industrial area to be keyed to the plot map of the industrial district of the village.

Lee Howley, vice-president of the Cleveland Electric Illuminating Company and Richard Weaver, landscape architect of the Illuminating Company, presented their landscape plan to the group. Charles Irish Jr., of the Charles F. Irish Company, arborists, offered his overall planning for each individual plant as requested by the village.

Presiding at the May 11 dinner meeting for presentation of overall landscaping plan was Mayor Thomas G. Young.

Walton Hills Club

At the special meeting of the Walton Hills Club Company, May 9, the membership approved the \$100,000 park development program in its entirety by a vote of 68 to 14.

Committee chairmen, headed by Don Ralsten, presented their report supported by colored slides. Included were the architect's plans and artist's drawings of the club house and grounds. Park development was presented by Don Martin, lake development by Ted Hack, clubhouse by Joe Venaleck, recreation by Jack Laing, and finance by Robert Washko.

A question and answer period followed. Discussion of by-laws and a second ballot approving the changes in by-laws was taken with the results 77 "for" and 2 "opposed."

A vote of thanks was given to all committees for their excellent presentation to the club membership.

Plan now to attend the opening day of the club park on Memorial Day, Monday, May 30. Picnic will be a pot luck affair for your whole family. Bring guests if desired.

Little League

Already several weeks behind other teams in practice time, the Walton Hills Little Leaguers are hard at work trying to catch up.

Both teams play opening games Monday June 6, the varsity playing at Walton Hills against Newburgh Heights while the farm team plays away at Newburgh Heights.

Walton Hills Pony League

A representative from Walton Hills will attend a baseball meeting in Bedford to enter a team in their league. This will take in age groups 13 to 15 years who at the present have no team affiliations. Boys in this classification will be contacted as soon as definite details are available.

Women's Club

A Smorgasbord dinner will be held at the next Women's Club regular meeting, May 25, at 6:30 p.m. Those attending are asked to bring a favorite dish and complete table service (cup, plate and silverware). Coffee will be served. For those not wishing to attend the dinner, the business meeting will begin at 8 p.m.

Election of officers will be held with the following slate being nominated: president, Mrs. Ed Yurichak and Mrs. Jack Greitzer; vice-president, Mrs. Ben Pace and Mrs. Michael Brogliatti; secretary, Mrs. Charles Reese and Mrs. Ronald DeRussy; treasurer, Mrs. Charles Frank and Mrs. W. G. Toth.

Senior girls of Walton Hills interested in applying for a scholarship should contact Mrs. Ed Kohn at BE 2-3070 or the high school. Only four applications have been received to date.

Nursery School

If you missed registration May 4 for next year's nursery school, you may register your child by contacting Mrs. Jack Wells, BE 2-0148 or Mrs. Phillip Johnson, membership chairman, BE 2-8129.

An invitation is extended to former nursery school members, as well as future members, to attend graduation pot-luck picnic at Metropolitan Park (Dunham Road entrance) at noon Friday, May 27. Picnickers will bring a dish to share and their own tableware. In case of rain, the affair will be held at the town hall.

Cub Scouts

The next committee meeting will

be held at the village hall, Friday, May 20 at 8 p.m.

The Cub Scouts are planning a trip to Dearborn, Mich., Saturday, June 4. Reservations should be made through the Den Mothers.

Boy Scout Jim Yurichak has been appointed new den chief for den three.

Residents are asked to continue saving old newspapers and magazines for the Cub Scout paper drive. This is an important source of funds for Cub Scouts.

Next Pack meeting is scheduled for Friday, May 27, 7:30 p.m. at village hall.

Rangers

The monthly meeting of the riding club was held Wednesday, May 4, at Village Hall. Plans were discussed regarding the annual Gymkhanna Games, which will be held Sunday, July 31 at the Sedensky residence on Walton Road. There will be a charge of \$1 per horse for all participants. Council News

Council passed Resolution 1960-12 to continue the collection and disposal of all rubbish from all dwellings in the village.

Ordinance 1960-22 providing for the employment of a part-time second deputy marshal was also passed.

Council approved a motion for the erection of storage and shelter facilities for recreation, not to exceed \$500, to be built at the Walton Hills Club park.

Nick Lippucci, a resident of Orchardhill Drive, appeared to answer to the complaint against his U-Drive It trailers parked at his Shell Service Station on Northfield and Alexander Roads.

Lippucci was informed that his gas station is in a residential area and has a non-conforming permit which does not allow a neighboring sideline such as trailer rental. The matter was referred to the Planning Commission for further study.

Ed Hino of Spanghurst Drive was present to request council approval for use of his station at Alexander and Walton Roads for temporary storage of wrecked or stalled cars. Hino has purchased a new Jeep with winch attached for towing purposes. Council approved his request as long as the cars were not kept any longer than overnight.

Walton Hills Club

Ninety couples, the largest crowd in the club's history, attended the "Good Luck" spring dance at the Terrance County Club last Saturday.

Contestants picked at random were Mrs. Steve Mestrik, waltz; Mrs. Ted Poisse, fox trot; Mrs. Michael Brogliatti, swing; Don Martin, swing; Clyde Barrow, foxtrot and Don Ralsten, rhumba. The winners, Mrs. Mestrik and Don Martin, each received a bottle of champagne. All others received certificates for lessons at the Fred Astaire Studios.

Assisting the chairman, Mrs. Joe Venaleck, and acting as hostesses for the evening were Mrs. Robert Washko and Mrs. Garen Kelley.

Men's Club

The June meeting of the Walton Hills Men's Club will be in the form of a picnic at Fox Hall. This will be for members only and will be "on the house." The usual ball game, horseshoes, etc. will be held and a picnic supper will be served. If your dues have not as yet been

paid, hurry and get them in so you can join the fun.

Memorial Day Picnic

The social committee of the Walton Hills Club extends an invitation to all members and their guests to attend the opening day of the club park on Memorial Day, Monday, May 30.

As in the past, the ladies are to bring their specialties -- meat course, casserole, salad or dessert for the pot luck-dinner. The food is to be assembled at the beach. Everyone should bring their own table service and plates.

The following items will be available for sale; soft drinks, beer, chips and pretzels. Coffee and milk for the children will be free.

An informal program is planned. A men's softball game will start at 4 p.m. Chow time is at 5 p.m.

In case of rain, go to the village hall instead of the park. Bring your whole family -- bring guests if desired.

Nursery School

Former nursery school members, as well as future members, are invited to attend the graduation pot-luck picnic at Metropolitan Park (Dunham Road entrance) at 12 on Friday, May 27. Bring a dish to pass and your own tableware. In case of rain, the picnic will be held at the town hall instead.

Cub Scouts

The next Pack meeting is scheduled for Friday, May 27, 7:30 p.m. at the village hall.

Please continue to save old newspapers and magazines for the Cub Scout paper drive.

Reservations for the Dearborn, Mich., trip Saturday, June 4, should be made through the Den Mothers.

The social committee felt that due to the constant rain on Memorial Day, the opening of the club park should be postponed to Sunday, June 5. The committee is sorry if anyone was inconvenienced by the change, however, it was felt the turnout would be better Sunday.

You are asked to take either a meat course, casserole, salad or dessert for the pot-luck dinner. Food is to be assembled at the beach. Everyone should take their own table service and plates.

An informal program, beginning with a men's softball game at 4 p.m., is planned. Chow time is 5 p.m. Take the whole family to meet your fellow neighbors.

Cub Scouts

The next committee meeting will be June 10, 8 p.m., and the pack meeting is planned for June 24, 7:30 p.m. — both at the village hall.

Dens 3 and 6 presented a minstrel show at the last pack meeting. The following awards were presented: Billy Conelly, 2-year pin; Dennis Lindauer, Webelo badge; Fred Tribuzzo, Lion book; Mike McCarty, Webelo badge; Paul Pojman, Webelo badge; Jeff Tausig, Wolf badge and gold arrow; Kim Kral, Lion book and three silver arrows; Alan Palgut, Bear book; and Pat Pike, gold pocket piece.

Two new cubs were added to the pack — Jim Tribuzzo and Craig Hoone.

Men's Club

Men's Club will hold its first outing of the year at Fox Hall Wednesday, June 8. The usual ball game will start between 5:30 and 6 p.m. Horseshoe courts will also be available for use.

Following the outdoor activities a picnic supper will be served. The affair is "on the house" for members only. The outing will be held, rain or shine.

Little League

Walton Hills Little Leaguers will go into league action Monday, June 6. The varsity will meet Newburg Heights at the Walton Hills Club Park while the Farm Team will play Newburg Heights at the opponents' field.

As usual, the elements have been against the boys and have cut down on their practice sessions; however, we're sure that the boys enthusiasm will more than make up for their lack of practice time.

Recreation Program

As yet there is not too much to report on the village recreation program. Because of lack of time to get village-owned property into shape, the Walton Hills Club has again been kind enough to offer the use of the park, with the exception of the lake area, for village recreational purposes. New recreation supervisors have not as yet been appointed, but negotiations are under way.

Nursery School

Nursery school closed with a very simple crowning of each child who will go to kindergarten next year. A potluck picnic was enjoyed by all at Metropolitan Park.

The following children will enter kindergarten next fall: Susan Arters, Sherry Pidala, Kathy Conelly, Sandy Salamon, Bob Russell, Barbara Greenwell, Robin Moyses, Ed die Siwila, Gene Phan, Byron Johnson, Freddie Ridsdale Lori Cantwell, David Maresh, Dale Lindauer and Rickey Decker.

The children visited the Solon airport and looked over the small airplanes, both inside and out. On May 25, they went through a commercial airplane at the Cleveland Airport. They also visited the Dandee Potato Chip Company and received samples of the products fresh from the machines.

The bookmobile, with Mrs. Jim Piwonka, made a visit to nursery school May 20. Mrs. Piwonka came prepared with a story for the children.

The bookmobile will be due each Thursday at 10:30 a.m. June 2 through August 25. In addition to children's books, the bookmobile will carry books for adults. This is an excellent opportunity for parents to catch up on their reading.

Learn-To-Swim Program

As in previous years, the Walton Hills Club, in order to educate its members in good swimming habits and safe conduct in and around water, will present a learn-to-swim program. There will be classes helpful to nearly every member in every family.

By 1961, when the lake is improved through the Park Development program, all members should be able to enjoy the new facilities fully and safely.

Life guard this year will be Kent Kolar, a student at Hiram College. He has his Red Cross instructors rating, so is qualified to teach any of the courses and pass swimmers in their classes to receive proper ratings.

Kent was referred to the club by Red Cross Safety services. He will be on duty every day except Mondays. His hours for guarding general swimming will be 12 to 6 p.m.

No swimming other than classes periods because the guard will be supervising the classes and cannot be permitted during class watch other swimmers.

This year's program will include children's learn-to-swim, teenage swim for those wishing to improve their strokes, junior and senior life saving and adult learn-to-swim. The last three programs will be taught by the life-guard.

All parents who wish their children to participate in the learn-to-swim program are asked to register at the village hall Monday, June 20, from 3 to 5:30 p.m.

At this time each mother can choose her type of contribution to the program. Approximately 50 water instructors will be needed to teach blowing bubbles in the water, to sculling, to good crawl technique.

Land monitors will be needed to record achievements of each child, and other helpers to watch over the younger children whose mothers are assigned to water duty.

There is a job for everyone. Each mother is expected to contribute a least six hours to this twelve-hour course.

Approximately 120 children were enrolled in a similar program

Bookmobile

The Walton Hills bookmobile stop is each Thursday morning, 10:30 to noon during June, July and August. However, there is no stop on the fifth Thursday in a month. Books for adults as well as children are available.

The Women's Club will conduct a summer reading program during the bookmobile time, under the direction of Mrs. Delwin Kaufman. Mrs. Joseph Mazzone will be in charge of the reading contest records.

There is usually too large a crowd to use bookmobile facilities at one time. However, children may spend the morning at the Town Hall getting books, giving book reports (written report forms will be available for those able to use them), hearing a story, and playing in the basement under the direction of Mrs. Harry Mason, Recreational Director.

Mrs. Kaufman would appreciate the assistance of any mothers or teenagers in helping the children get books, make out library slips, answer questions and hear book reports.

Call Mrs. Ted Hack, BE 2-3520 or Mrs. Kaufman IM 7-7426 if you have one or more Thursdays you would give to the story time.

The goal for all children should be at least 10 books read during the summer, which is one book per week during the ten-week vacation.

It is important to keep children reading so they will retain what they have learned during the year. A party and award, furnished by the Women's Club, for ten or more books read usually ends the summer reading program.

Rangers

The Junior members of the club are planning an overnight ride to Chagrin Falls June 25. They are making all of the preparations for this event. Anyone interested in joining the group on the ride should contact Bonnie Mathieson and her committee.

Coming events will be the Gymkhana games July 10 at Hawthorn-den for the entertainment of the patients there.

The third annual Gymkhana games will be held July 31 at the Sedensky residence on Walton

Road. Next regular meeting will be July 6 at which time guest Doc Vasko will speak.

Recreation Program

The village recreation program for all children of the village who have completed 1st grade or more, will begin June 20. It will continue Monday through Friday, from 10 to 7, for ten weeks, closing August 26.

As in the past, the Walton Hills Club has offered the use of the ball diamond area for recreation program. The program will include: handcrafts, boys and girls softball, volley ball, dodgeball, kick ball, horseshoes, checkers, field and track events, hiking, golf and bike bridgades. The lake area is restricted to club members only.

Two fine directors have been hired through the Bedford school system--Darel Custer, who will work from 12 to 7, and Mrs. Harry Mason, whose hours are from 10 to 2 each day.

Exact time for various phases of the recreation program will be posted at the park when they are available. A utility building for storage use is in the process of being built at the present time.

As in most recreation programs rain cancels the recreation program for that day or time.

Walton Hills Club

A pleasant afternoon at the Club Park was spent by approximately 80 families of the Walton Hills Club Saturdays. The picnic was handled by Mrs. Joseph Vanaleck and her committee consisting of trustees and their wives.

Chefs spent hours over hot fires grilling hamburgers and hot dogs. Judging from the long food line and favorable comments, the picnic was a huge success.

Following the picnic, a general meeting was held. Joseph Vanaleck, president, read a letter written by Don Ralsten, Park Development Chairman. A resume showed 100 signed applications plus 50 possible purchasers. This shows that only 150 families out of about 450 residents in the village are interested in the future of the club. Of the major supporters, 95 per cent were members of the club.

It was felt that since only forty per cent of the villagers have shown any interest, the project should be directed to this group.

The trustees made two recommendations. First was that members authorize the trustees to abandon the \$100,000 park development program and return the money received from the 100 applicants.

The second recommendation was to form a committee for members only, the present 171 families, to study further a proposed program on a reduced scale.

The recommendations were made in the form of a motion and passed unanimously by the membership.

Boy Scouts

The Scouting program laid out by the national Boy Scout Council requires each boy to master many things as a Tenderfoot, many more as a Second-Class Scout, and many advanced items as a First Class Scout.

Emphasis is placed on earning merit badges, five in number to become a Star Scout, ten badges for a Life-Scout and 21 to achieve scouting's highest rank as an Eagle Scout.

Aside from a few required merit badges, the boys can pick from approximately 270 badges. Under the watchful eye of Scoutmaster Dan Taussing, our local lads are working hard on their merit badges. A few Saturdays ago, a very chilly groupe, consisting of Charles Pike, Sanford Ralsten, Richard Maggio, Ronald Brown and Greg Hansen passed their "swimming" merit-badges.

Joe Carol passed his "firemanship" badge, Jim Yurichak passed his "citizenship in the home and Ron Brown passed the "pets" merit badge.

This week a Character Court will be held for Jim Yurichak, Carl Salza and Frank Sorgatz for advancement to the "star" rank.

Our newest "Tenderfeet" are Larry Kalchert and Mike McCarty. We hope they are good "snipe hunters."

Next troop committee meeting will be Sept. 27 at the home of Lad Carol on Deeridge Drive.

At that time it was suggested a new development directed to the interests of those members willing to back the program be looked into and presented at a meeting in October.

Joseph Venaleck, president, offered a new plan, including a swimming pool for \$18,000 and a clubhouse valued at approximately \$37,000.

These modified plans were abandoned also. No plans are being considered now.

the stands, Ford Frick can sell un-restricted air rights without signifi-cantly cutting down the gate re-cipients.

Wouldn't the NFL's prestige in-crease if it could challenge base-ball on this point?

Undoubtedly. But wait a moment before you petition your congress-man for that free seat at the great grid spectacle. In the past I've writ-ten it would be absurd to say foot-ball is more popular than baseball just because it draws so well in Cleveland, at least - for its best attractions.

It would be no less erratic to argue that baseball has the surer grip on its fans just because it can televise its World Series games, where they're being played, without damaging the box office to any important degree.

Let's dispose of both arguments by two quick questions. How many people would try to get into the Stadium to see the Indians and the Yankees if they met there only once each year and the total sched-ule called for no more than 12 games?

And how many would attend a World Series game on Dec. 26 or Jan. 1?

This train of thought was fueled, of course, by the record attendance of 83,872 which watched the Browns lose another tough one to the Giants.

last Sunday. All the seats had been sold comfortably before the kickoff, but the blackout curtain remained over TV screens in the Cleveland area. As far as I know, there was as much if any protest about this. The folks undoubtedly agree the Browns are smart in not giving away the product they regularly try to sell.

But the playoff game is some-thing special. I was in Detroit in 1957 when Bert Bell stood his ground against heavy pressure to

let the hometown patrons see a game for which they gladly would have bought tickets - had there been any to buy.

The late commissioner not only was protecting his league against a dangerous precedent. He was being fair to those who had spent their money in the belief there would be no telecast.

If you paid for seats for Sunday's game, how would you have felt about an eleventh-hour decision to show it on nearby TV sets?

Gifts to United Appeal were only 66 percent of the village goal of \$1,400. Two new charities were added to the drive this year, Cystic Fibrosis and Diabetes Foundation.

Election Day

As citizens, we owe it to ourselves and our country to make the best and wisest choice of which we are capable. It is our duty to make a choice founded on

knowledge of issues, familiarity with personalities and political records of the candidates, and a reasoned estimate of the national and world situation.

There is no excuse for not exercising our franchise fairly and intelligently. It is nothing less than our duty.

This campaign and this election give us an unusual opportunity to demonstrate that we are mature, conscientious American citizens who understand both the blessings and the very special and difficult demands of the democratic system.

This week-end we will be celebrating the coming of the Christ-

We should take time to grasp the significance of that first Christmas. It is a season of excitement and anticipation, of generous impulses, increased feeling of good will toward others and a feeling of deep contentment and peace.

This Christmas give of yourself. In bringing happiness to others, you will bring deep satisfaction to yourself. May I wish you all a very Merry Christmas.

Nursery School

Enrollment of children reached 18 this year—an all-time low in comparison to some years when there have been waiting lists. An enrollment of 20 is ideal to maintain favorable financial status. Capacity recommended by the Nursery Association is 25 children.

At present time, there are 15 children who have benefited by the drop in enrollment by: more turns of shared equipment, more time and attention from teachers, more chances to express themselves in groups, etc.

However, finances and turns increasing for mothers does make it more difficult for the mothers. More children would be welcome if there are those who care to join nursery school now. Please call Mrs. Robert Orth, BE 2-0956, if you have questions or wish to enroll your child.

An early registration for enrollment for next year is planned, probably in March, in order to determine whether there are enough children and mothers interested to maintain a nursery school next year without hardship to the mothers who join.

Walton Hills — A Friendly Community

I have heard it said many times that Walton Hills, has a friendlier atmosphere than a big city. This is true. You can live for years in a large city and not even know your next door neighbors.

This is not the case in Walton Hills. For instance, when you are going away on a short vacation and want someone to keep an eye on your house while you are gone, you call your neighbor.

When you are weary of housework and eager for a break, your neighbor calls you to come over for a cup of coffee. In case of family emergency, she comes to your rescue, helping you call a doctor, comfort a frightened child, or get organized for an unexpected trip out of town.

Suppose you have some good news you are eager to share with someone; or have some bad news you are in need of sharing with

someone. Your neighbor is as close as your phone.

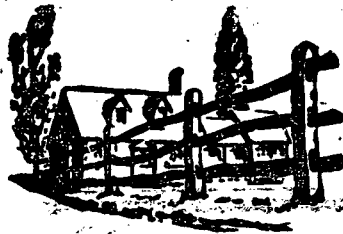

Perhaps when your car won't start on a cold winter morning, she will either insist on loaning you her car to do the necessary errands, or else she offers to do your errands for you. If you have an important appointment, she may offer to watch the children.

When you are sick and can't get out of the house, she stops in to see if there is any thing she can do for you, or she may bring something tempting to eat or absorbing to read.

This is the type of community we live in. If you haven't found this to be true, perhaps you haven't tried to be friends.....there's nothing so nice as a good neighbor. Unless it's being one.

Program will deal with the distribution of salacious magazines which now total 10 million copies per month. Commercialized obscenity - the manufacture, distribution and sale of publications, pictures, cartoons, gadgets and objects of all sorts deliberately designed to arouse lustful thoughts and desires - has become a big business in America.

Target of the bulk of this material is the youth of the nation. Seventy-five per cent of it is aimed at youth college age and under, according to a Senate report.

Today, almost every U.S. school child can purchase with pocket money magazines and other publications that are primers for the destruction of his morals.

Proceeds of the sale will bring the club closer to its goal - a cabana at the lake.

Walton Hills Club

Many questions have arisen from present, past and prospective members of Walton Hills Club concerning the park and lake facilities and their improvement. Shortly after election, the trustees made a tour of the park with previous trustees to check survey monuments and general condition of the park.

As soon as weather permitted, the lake was drained. Then a survey of problems was made by trustees.

The cement spillway has been a constant source of trouble and the trustees felt an overflow pipe was the logical solution. Now the water flow entering the lake will be set so there will be a slight overflow into the standpipe and a continuous flow into the bottom of the lake through this two-inch line.

Sludge will be drained from the bottom of the lake as fast as it accumulates. There will be no need for a spillway and an earth dam can be properly maintained.

Just before lake opening on Decoration Day, there will be a week end dedicated to cleaning up the park. All members and their families will be expected at the park at least one day to help get it in order for the opening.

The social calendar for the club includes dances, picnics and many other interesting events which are open to club members.

Very little work has been done on the lake due to last year's anticipated building program. The trustees therefore are left with a fair amount of money for a start. The lake program as described above is expensive and once started, the treasury will be depleted rapidly.

If you want to enjoy swimming

Mayor Tom Young informed Council last week that he had met with the Building Commissioner and Police Chief Frank Simoni and asked their co-operation in appealing to violators of ordinances.

A deadline will be set on the time allowed to comply before more drastic action would be taken. He reported that all appeared willing to co-operate in this problem.

It was reported that Councilman Hal Moyses, who has been hospitalized for a few months, will not return to his chair for quite a while.

The Recreation Committee has been making a study of the cost to disc, grade, fertilize and seed the recreation site. It recommended an expenditure, not to exceed \$400, for the contract and council concurred.

The Clerk presented a tentative appropriation ordinance for discussion and after suggested adjustments were made, asked that a formal ordinance be prepared for final approval at the next meeting.

Boy Scout

Boy Scout Troop 417 launched its annual sale of Cleveland Blind Society products. Last year the troop set a record sales figure for troops in Cuyahoga County by selling almost \$1,500 worth of blind-made products.

This year, the boys will be competing among themselves for top salesman awards which last year amounted to almost \$18 commission for each of the top five salesmen.

It's interesting to note that besides making a profit for themselves, last year, they paid the troop treasury \$300 and the Blind Society received \$1,100.

This annual effort of our sons and young citizens merits your personal interest and participation, for it teaches salesmanship, citizenship and self support to each and every boy.

Whenever our youngsters have an opportunity to prove to themselves that in helping others along the path of life they are actually helping themselves far more, we believe they should have every adult's complete cooperation.

Hub Of Activity In Walton Hills Is Its Multi-Purpose Village Hall

BY EVELYN TE STRUTH

The life of Walton Hills flows through it's heart, the busy municipal building at Alexander and Walton Roads.

Beside housing all government offices, the place is a beehive of activity, serving as the meeting place for many organizations in the fast growing community.

The basement meeting room doubles in for meetings of the Men's Club, Estates Club, Brownies, Rangers, Women's Club, cub and explorer scouts and for a nursery school three days a week.

As many as 25 small fry have been enrolled in the school, where teaching is done by accredited teachers as part of the Cuyahoga County Cooperative Nursery Ass'n. At present, 18 children attend ses-

3/4/61
sions held each Monday, Wednesday and Friday. Mrs. Theodore Hack is in charge.

In this predominately residential community, emphasis is on planning for recreational facilities for the young people. This interest culminated in the council chambers recently, when far-sighted legislators authorized purchase of 16 acres of land for that use.

Located immediately west of the industrial area fronting on Northfield Road, the park will serve as a buffer against residential property in the Dellwood Drive area.

Development is to be projected over a five to 10 year period. Presently, a site planning consultant is working on plans for development and two baseball diamonds are already in.

In this same building, solons also appropriated \$10,000 for the 1961 recreation program. They will continue yearly to finance the project until the park is completed.

The community's recreational activities now are carried out on property owned by the Estates Club, where a small lake adds to youngsters' enjoyment.

Land is leased to the village at a token fee, and recreation directors are employed by the village.

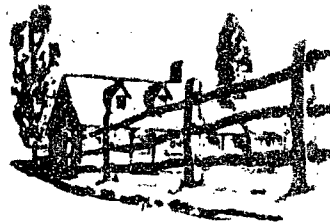

Village Clerk Merlin Bement disclaims any immediate plans for expanding the bustling town hall. Officials who use it are content to put up with relatively cramped quarters while making decisions that will open up new vistas for enjoyment in other parts of their community.

Little League

A new approach to Walton Hills Little League baseball will be attempted this season.

As in the past, Walton Hills will field a "Varsity" team in the Cuyahoga Valley Little League. Rules of this league state that a team will be allowed a total of fifteen players, five may be twelve years of age, five may be eleven, and the remaining five, eight to ten years.

As in the past, the boys remaining will be placed on the "farm" team which plays a league schedule corresponding to that of the "varsity," with five other villages.

With some 35 to 50 boys being put into the farm team category, chances of many of the boys seeing much game action are slim. Therefore, this year, to remedy

this situation, Walton Hills will form its own Home League for the farm team players and will divide them up into at least four local teams.

These teams will play a regular schedule with one another. They will be managed and coached by adults who have volunteered time and talents for this effort.

Teams will play according to Little League rules plus a local rule that every boy assigned to a team will participate in at least a part of every game.

Program will be conducted under the auspices of the Walton Hills village recreation committee. Uniforms in the form of T-shirts and caps with team names will be furnished by the Men's Club, who for the past six years has generously sponsored and financially-backed the baseball program.

In order to make this a success at least 50 boys must sign up for the league. Encourage your boy to come out and take advantage of this opportunity. If your boy has not signed up, contact Jack Laing at BE 2-2686 or Lowell McCarty at BE 2-5112.

Pony League

Walton Hills will again enter a baseball team in the Bedford Pony League. Boys from twelve years of age up to those who will not be fifteen before Sept. 1 are eligible. This team will again be managed by Joe Palgut, with Mike Bordanaro as coach. There will be more details about practice and schedules later.

Some boys in the village are over age for this team. For those interested, there is a possibility of signing with teams now being formed in Bedford for Class E. Baseball which takes players up to eighteen years of age. Contact Palgut or Laing for details on this.

Walton Hills Sweeps 3 Straight

A combination of superb pitching and timely hitting enabled the Walton Hills Del baseball team of the Cuyahoga Valley League to sweep its first three games of the young 1961 season. Two victories of the cliff-hanger variety, came at the expense of Solon and Willowick by the identical scores of 4-3. The Walton boys trounced Mayfield Heights 9-2.

Opening on May 14 at Solon, the Waltons pushed across the winning tally in the ninth after being battled on even terms by the scrappy Solon nine. Relief pitcher Dave Fletcher, who replaced starter Don Mestnik in the eighth inning proved to be the difference, setting down the Solonites in the eighth and ninth innings and then singling home his batterymate Gee Kotowski with the winning run in the ninth.

Mestnik and Fletcher combined to throw four-hit ball, striking out 11 between them, while first baseman Bill Klabik added two hits to the attack.

On Sunday, May 21, the Walton Nine traveled to Willowick for their second C.V.L. encounter and another sterling performance by Fletcher insured the victory.

Trailing 3-0 in the 4th inning, the Del crew broke the ice with a single tally when after two outs, right fielder Chuck Pompelia drew a walk, Bill Klabik followed with a single and third sacker Bobby Bud-

ner sent Pompelia home with a line shot to left.

Back to back singles in the fifth by pitcher Frank Dunkel, shortstop Jack Jonozzo, centerfielder Ken Spirko and Chuck Pompelia tied the score at 3-3.

In Willowick's half of the 5th, Dunkel injured his leg and manager Steve Mestnik once again called on his bullpen ace Dave Fletcher to take over the reins. Fletcher responded magnificently, pitching two hit ball the rest of the way, while his teammates scored the deciding run in the 7th on a

walk to second baseman Jack Donnelly, an error by the Willowick second baseman and Bill Klabik's second hit of the game.

Don Mestnik returned to the hill on May 24 at Solon and had little trouble with Mayfield Heights, as he hurled a brilliant one-hitter and fanned 11. The lone hit registered off the clever right-hander came in the third inning by the Mayfield pitcher Ron Widdenbyer.

The Walton's hitting blitz was paced by Jack Jonozzo with three singles and four runs batted in. Ken Spirko, the Dels bespectacled centerfielder and keystone sacker Bob Budner chipped in two hits apiece and three R.B.I.'s between them in the rout.

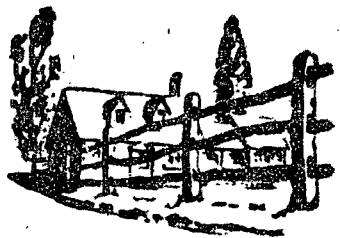

On May 28, Walton Hills traveled to Northfield for a single contest and on Wednesday, May 31, they met the co-leader of the C.V.I. Willowhby Osbornes sporting a 3-0 ledger.

Recreation Month

"How we Americans spend leisure time might seem to have little bearing on the strength of our nation or the worth and prestige of our free society. Yet we certainly cannot continue to thrive

as a strong and vigorous free people unless we understand and use creatively one of our greatest resources - our leisure.

"For us today, opportunity for recreation is bounteous and ever-increasing. Perhaps no other nation in the world is more consciously directed toward recreation, and in no other nation is such a favorable combination of leisure time, income, and mobility coupled with such enormous recreation resources, both existing and potential.

"We accept as one of our basic freedoms the right to enjoy our leisure time as we please. We must also accept the responsibility inherent in that freedom, the challenge which free time offers a free people..

"It is my sincere belief that the moral fibre, mental health, and physical strength of each of us, contributing to the sum total

of American greatness, is now and will be derived in large measure from the creative use of our leisure. We have enormous capacity, enormous power in recreation. Let us engage in it wisely, not wastefully."

Women's Club

With the beginning of summer, the Walton Hills Women's Club officially ends its club year. The Women's Club celebrated its tenth anniversary June 21 with the annual installation dinner at Greenbriar Restaurant.

Program consisted of the scholarship announcement by Mrs. Jack Wells. This year's recipients were Christine Rada and David Venaleck.

Mrs. Don Martin presented past president Mrs. Jack Greitzer with a pearl and gold necklace inscribed with the letters WHWC.

A rose ceremony honoring past members of the board followed. Officers for the coming year were then installed by Mrs. Greitzer. They are: President, Mrs. Emanuel Stora; secretary, Mrs. Roland DeRussy; and treasurer, Mrs. Elmer Boege.

Also on the program was a tenth anniversary observance by Mrs. Ben Pace and a speech entitled "Do We Care?" by Mrs. Emanuel Stora. Mrs. Stora also introduced her board for the coming year.

Highlighting the evening was a "This is Your Life" presentation honoring Mrs. Donald Martin. Many amusing and interesting anecdotes coupled with snapshots portrayed a full and active life. Mrs. Martin was presented an orchid corsage and a "This is Your Life" book in which to keep her mementoes.

The program was under the direction of Mrs. Pace and her committee: Mrs. Boege and Mrs. Greitzer. Piano interludes were performed by Mrs. William Seiverth.

Tenth Anniversary

A group of Walton Hills women met August 29, 1951, to discuss the organization of a women's club. They agreed to make it both a

social and civic group. Decisions included the date of each meeting to be held the fourth Wednesday of the month and dues of \$3 per year. Election of officers followed, with Mrs. Orwin Rizer being elected president. Thus began the Walton Hills Women's Club.

After the first bazaar, the groups used the proceeds to buy council chairs, folding chairs and other furniture for the town hall.

The stove and dishes, as well as miscellaneous kitchen utensils, were purchased in 1952.

Over the years, many worthwhile projects were undertaken. Summer storyhour program, nursery school, scholarship award, Combined Charities, monthly visits sponsorship of a girl scout troop, brownie troop and girls softball team. At one time the group also sponsored cub scouts and Little League, which were later relinquished to the Men's Club.

In 1956, \$300 was donated to the Bedford library. The following year, the club became a sustaining member of the YMCA by donating \$50. St. Mary's PTU received \$50 toward its library fund in 1959.

A little-known fact is that the club has also purchased a hospital bed for the use of anyone in the village.

There are many more accomplishments, however space limits them. Some have been members from the very beginning . . . others have joined this year.

Walton Hills Women's Club has taken an active part in promoting good community citizenship and proves a worthwhile service group as well as a social group.

Vacationers Attention!

There has been a rash of burglaries in Walton Hills recently. Can mean the difference between finding your home ransacked or as you left it.

Don't broadcast that you are going away. Often tradesmen or friends unknowingly spread the word in casual conversation.

Notify police of your departure time.

Stop all deliveries. Newspapers and milk bottles serve notice that the house is unoccupied.

Don't draw drapes or blinds. Leave them in their normal position.

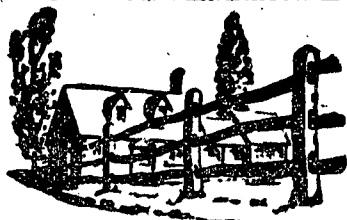

Leave a light burning or use an automatic timer to turn lights on in the evening.

Give your neighbors a key to use in emergencies and ask them to notify police if they see anything out of the ordinary.

If you take these precautions, you can look forward to your vacation with a greater sense of security.

Walton Hills Rallies To Beat Mayfield 7-4

7/6/6

After trailing for five innings, Walton Hills Del bounced back with three runs to maintain a slim two-game lead in the Cuyahoga Valley League with a 7-4 victory over Mayfield Overseas Packing Company Sunday.

Trailing 2-1 going into the sixth inning, Del struck back with three big markers, added two more to the cause in the seventh, and wrapped up the Waltons fourth straight win; seventh out of eight to date.

Outfielders Jack Jonozzo and Ken Spirko, and shortstop Doug Buck sparked the come-from-behind effort. Frank Dunkel registered his first hurling victory although he needed help from Dave Fletcher in the seventh inning after acquiring a stiff arm.

Jonozzo rapped out four singles in five trips to the plate, raising his batting average to a lusty .429. Teammates Spirko and Buck chipped in two hits apiece as the Dels collected 13 singles.

Dunkel, starting for the first time since he injured his knee at Willowick, pitched excellent ball after the second inning. He set down 14 consecutive batters before retiring in the 7th with a stiff arm. The tall right-hander allowed just four hits and two runs, both via shoddy fielding, rare for the usually air-tight Del infield.

The three deciding runs came as catcher Gene Kotowski started things rolling by drawing a walk. Dunkel executed a beautiful bunt.

He was safe. Right fielder Bernie Hovan coaxed a walk to fill the sacks. Jonozzo sliced a single to center scoring Kotowski, and the sacks were still jammed.

Bob Budner's long fly scored Dunkel. Spirko lined a single to left center scoring Hovan with the third run of the inning, giving W. H. a 4-2 lead.

Walton Hills will be after three more victories this coming week. They meet Solon Bard Papers in a doubleheader Sunday at Solon. On Wednesday July 7, Dels will play Solon in a single contest at Solon.

Walton Hills Nets 7/13/61 Five Wins In Week

Capturing five successive victories within the past week, Walton Hills Del is building a reputation as "the team to beat" in the race for the 1961 CVL percentage championship. Almost half the season is finished.

The fast-stepping Del squad increased its league lead from two to four games with the five wins. Unless it does a complete reverse during the second half of the schedule, the race for the ABC district playoff berth should be wrapped up by the end of July. The Walton's now display a 13-1 mark along with a nine-game winning streak.

Three of the victories came at the expense of Solon Bard Papers while Willowick Bill Clothes absorbed the other two defeats.

The first of three victories over Solon came in July 2 in a abbreviated contest halted in the fifth inning by rain. The game was stopped four times before a heavy downpour put an end to the slugfest with the Del nine at bat and leading 14-5. Outfielders Ken Spirko, Chuck Pompelia and Bernie Hovan netted seven hits among them to pace the Walton attack. Dave Fletcher recorded his sixth win in a row, although he needed help from teammate Frank Dunkel to squelch a fifth inning uprising by Solon.

Three days later Walton Hills had to rally for three runs in the sixth inning to win after it had trailed to that point 2-0. Solon southpaw Dave Johnson caused his own downfall by walking three straight Walton batters, after he had pitched hitless ball for five innings.

After walking the three batters, Chuck Pompelia grounded out scoring one run. First baseman Bill Klabik then squeezed home Ken Spirko with a perfectly timed bunt, tying the score.

Third baseman Bob Bunder fol-

lowed with a single to right, scoring leftfielder Roger Yorkewitz with what proved to be the winning tally. Pitcher Ed Kasmir kept the Solonites in check the rest of the way. Kasmir allowed only three hits and struck out eight in his hurling debut for the Dels.

The following day was easier for the Walton's as they downed Solon 6-1. Bernie Hovan once again was the big man with the stick as he banged out 360-foot homer along with three RBI's. Hovan was celebrating his birthday. Frank Dunkel got credit for his second win of the year on the hill as he scattered six bingles.

The Del nine entertained Willowick Sunday in a doubleheader at their Miles Avenue home diamond, copped both ends, of the twin bill, 9-2 and 2-0. Dave Fletcher and Ed Kasmir both went the distance in the pitching department. Fletcher winning the first on a five hitter and fanning 11. Kasmir cleaned up his third win of the season on another fine three hitter in the second contest.

Sandwiched in between all these games was the first CVL All-Star game played at Lyndhurst which was won by the All-Stars 4-2. The All-Stars, managed by Walton Hills Steve Mestnik dumped last year's champs Lyndhurst London Furniture.

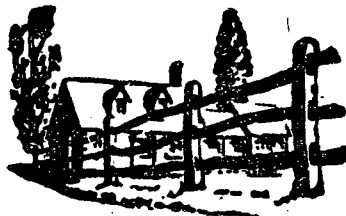

Walton Hills had five players picked to the starting team in Catcher Gene Kotowski, Pitcher Dave Fletcher, First Baseman Bill Klabik, and Outfielders Jack Jonozzo and Chuck Pompelia. Fletcher pitched two innings of shutout ball, striking out four batters while Klabik was one of three Stars' players who had two hits in the ball game.

Walton Hills continues with another big week of ball this coming weekend with contests at Mayfield on Friday and a doubleheader with Northfield VFW on Sunday, July 16 at Miles Avenue.

Councilman McCarty introduced dedication to the public use of Summerset Drive in Dunmore subdivision together with the storm sewer drainage easements relating to said street, as shown on the dedication plot of said subdivision, subject to the terms and conditions of this ordinance.

Two bonds of \$500 each were posted by developers to be held by the village until the drainage easements have been completed and the grass on the berm of the street is heavy enough to meet approval of the road committee.

Women's Club

The executive board of the Women's Club has been extremely busy these past few weeks formulating plans for the new club year. Efforts have been made to outline a program to appeal to the varied interests of the members.

One of the first things on the agenda will be a family outing day at Holiday Park Aug. 26 which is the tenth anniversary of the club. Don't forget to circle this date now.

Also, an invitation is extended to former members of the Women's Club and prospective new members. If you are a new resident of the village, this is a fine opportunity to meet your neighbors and get an insight into some of the activities of the Women's Club.

The planned Hat Sale has been indefinitely postponed because of inadequate facilities. Matter will be discussed further at the first membership meeting in the fall.

Members are requested to notify Mrs. Charles Pike, BE 2-6132, or Mrs. Joseph Manak, BE 2-2088, with information regarding births and illnesses of members.

Committee chairmen appointed by the president are: Mrs. Gus Vosgerichian, membership; Mrs. W. Toth, ways and means; Mrs. Walter Ford, program; Mrs. John Kocsis, service; Mrs. Charles Pike, sunshine.

Crafts for older children 11-14 are taught from 10 to 12 a.m. and younger children 7-10 at 1 to 3 p.m.

Each Friday is a special day at the playground. Dress-Up Day found the following winning awards - Kenny Kocsis - funniest; Linda Kray - most original; Debbie Litvin - prettiest; Susan McCarty - most unusual; and Sue Ann Kelley, best dressed.

Bookmobile

Walton Road on a Tuesday morning looks like a summer resort area with so many children coming and going to the bookmobile. The goal of ten books per child is an easy one - just one a week for the summer - but it keeps the boys and girls from losing all the skill and knowledge they have gained during the school year.

Those who read during the summer are a blessing to the teacher but more so to themselves, when they retain what they have already gained.

Boy Scouts

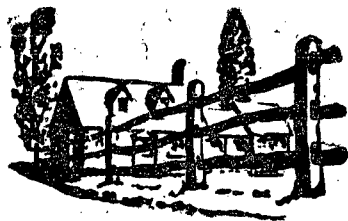

Wolf Patrol held its own three-day camporee in the wild woods belonging to Mr. and Mrs. Emanuel Stora near McClellan Drive. Charles Pike was patrol leader; Tom Store, acting assistant patrol leader; Fred Tribuzzo, patrol member; and Mike McCarty guest scout.

Combined Charities

It's not too early to start thinking of the combined charities drive which will be coming soon. The death of Mrs. Lyle Rockwood leaves the chairmanship of the Combined Charities drive open once again. It is hoped that someone will be able to continue the job she so ably started.

Board members serving their second term are Mrs. Donald Martin, Mrs. Clyde Barrows, Mrs. Jack Wise, Mrs. Nick Maggio, Mrs. Ed Yurichak, Mrs. Ray Brenner, and Mrs. Robert Washko.

The Combined Charities 1961 drive includes Community Chest, Red Cross, Cerebral Palsy, Arthritis and Rheumatism, Nephrosis, Cystic Fibrosis, Diabetes, Crippled Children, Heart Research and Cancer Research.

Now is the time to be thinking how much and to which charities you plan to give. The total amount you give should be as much as you would give to each charity if each had its own drive in our village - as it used to do. Remember the constant monthly drives? As before, you may designate how much you wish to give to each charity.

Chamber of Commerce

Raymond C. Hendershot, staff executive of the Cleveland Chamber of Commerce, spoke at the last meeting of the Walton Hills Chamber of Commerce.

The following are a few of his remarks: What is a Chamber of Commerce? Basically: it is the business community at work as the central agency for community development for business, industry, the professions, and all civic interests - doing jobs that no individual can do alone - rendering many services that benefit all citizens. The Chamber of Commerce as a wholly voluntary institution in the United States is eight years older than the Declaration of Independence.

How is it organized? The members according to the by-laws provisions, elect a board of directors whose members serve without pay. They determine policies and the general course and operation of the Chamber. Necessary committees are set up from the general membership under supervision of the board.

What does it do? The Chamber of Commerce works to improve business and build a better community. It makes available to all members of the business community - firms and individuals alike - the necessary vehicle through which to combine forces for executing the continuous, year-after-year program of work necessary for community development.

How does it work? The Chamber of Commerce works through committees which analyze problems, develop solutions, and take action to achieve the objectives which solve the problems.

Office service for the Chamber of Commerce maintains a working library of directories, reports, surveys, maps, travel information and other material available for the inspection and use of its members.

Detailed civic information is given out by means of telephone calls and correspondence to residents, newcomers, visitors and persons making inquiry.

How is it financed? All chambers are supported primarily by the members of the business community (representing business, industry or the professions) who are interested in stimulating new and improved business and building a better community.

Who can and should belong? All businesses, industries and professional men are not only eligible to be Chamber members, but should be.

Election Thoughts

Despite the fact that this is an off year, the coming election is of utmost importance, to the residents of Walton Hills. There are two kinds of officials: those elected by the people and those appointed by the mayor with approval of council.

The mayor, clerk of courts, treasurer and six councilmen are elected by the people.

A village is a municipal corporation and a complicated business. Among other things, council has the power to levy taxes and assessments, control fire and police protection, control building restrictions, manage and control finances. The village depends on the legislative authority of council under the leadership of the mayor.

You can realize how important it is to elect experienced and competent officials, as they are in effect the directors of a corporation.

What qualifications are desirable in the elected official?

He should have demonstrated constructive interest in public office twelve months a year, and not only at election time. He should have paramount interest in community welfare and what is best for all the people. He should have the ability to distinguish between big issues and minor details. He should use good judgement and make sound, objective decisions. He should study both sides of a question, determine all the facts.

Watch out for candidates with

personal grudges against city officials. Be wary of candidates who use the publicity as an advertising medium for personal gain.

There are three questions to ask a candidate: "Why are you running?" "What is your past record?" "What are your qualifications?"

If you apply these questions to all the candidates, you are bound to vote for the right men. If the wrong candidates get into office, the citizens who didn't vote or take the time to study the qualifications and the facts will have no one to blame but himself.

Council News

Mayor Thomas Young reported he has been checking the county program to promote the Dunham Road hill improvement and Alexander Road resurfacing. He has also been looking into the drainage situation on McLellan and Jefferson Drives.

Councilman Jack Laing stated that he and Councilman Lowell McCarty had scheduled a conference with the personnel of the City of Cleveland Recreation Department to further develop the 16 acre recreation area.

A rubbish collection survey was made Feb. 6. The facts revealed that an increase was justified but not the full amount requested by Cleveland Maintenance, Inc. Councilman Jack Laing moved that the contract be increased from \$200 to \$250 per month and if Cleveland Maintenance was agreeable, legislation for such a contract should be drawn for the next council meeting.

The rubbish survey proved that too many paper bags, cardboard boxes and five-gallon pails were being used as rubbish containers. These all require more trips to the truck, which increases labor cost.

To keep the cost down, it will be necessary to use only 20 to 30-gallon metal or plastic drums. Council will continue to check during each collection to see how many people are co-operating.

Men's Club

March meeting of the Walton Hills Men's Club will be a dinner meeting at Oakwood Inn, Monday, March 6. Menu will be swiss steak and chicken served family style. Price will be \$3.25 for members and \$3.75 for non-members. An Internal Revenue agent will speak.

Women's Club

Women who attended the Women's Club meeting enjoyed hearing Dr. Gerald Strate, psychiatrist, speak on "Through the Looking Glass." His lecture was peppered with amusing anecdotes and interesting cases. A lively question and answer period followed.

Forty-three members attended the Taylor cooking demonstration and fashion show. Although this was an excellent showing the club did not win an attendance prize.

Women's Club will hold a bake sale March 18 at the town hall. A nearly-new sale will be held in May.

Chamber of Commerce

The October meeting of the Walton Hills Chamber of Commerce opened by vice-president Lloyd Detwiler in the absence of president Ed Riley.

The question of public transportation in Walton Hills was reviewed. Victor Hindelang of Ford Motor Company stated that approximately 360 persons would probably avail themselves of this convenience.

He pointed out that a bus line running from Forbes Road to Ford Motor Company on Northfield Road in Walton Hills would take off the excess parking of 3,200 people at present it takes approximately 25 minutes to leave the Ford Plant parking lot.

Bus service would eliminate congestion at the Ford Motor Plant. It would also provide transportation for secretaries and the men who work in the plants on Krick Road in the Industrial Park. Children who attend schools and churches that do not provide transportation or after-school buses for outside activities could use the same buses.

It was suggested that this number of rides might not support a system properly. It was also suggested that if the industries would subsidize a shuttle line it might work out. A proposal was made to present the problem to the Geauga Line for consideration.

The design of the sign for industry to be placed on Krick Road was presented by Lou Walters. The design was met with approval by all present. Dimensions are nine feet by five feet.

Mrs. James Stone questioned the rumor of water and sewer to be run in the residential section of the village. Jack Laing, representing the village, stated that there was no truth to this rumor.

Mrs. Stone also questioned the possibility of changing the minimum limitations of floor space in the residence to more than 1200 square feet of floor space so as to protect the existing larger homes and the equity of any future homes that come into the village.

The Ford Motor Plant is planting 60 trees to improve the area along the fence line.

Ted Macejak of Bedford Gear and Tool Company and Alvin Goldstein of Bedford Alloy Company have applied for membership to the Chamber of Commerce.

Detwiler proposed a concerted effort for a membership drive and it was suggested the Walton Hills

ket sale only.

Tickets are available from the following trustees: Drummond Russell, Peter Sochacki, William Haire, Tom Sabo, Ed Kohn, Gus Vosgerichian, Bill Strachan, Ted Hasker and Bob Washko.

Cleveland Maintenance, Inc., has asked villagers to cooperate in conforming with the following removal: All normal non-burnable rubbish is to be stored in all-steel or plastic containers, minimum 15 gallon and maximum 35 gallon. Chamber of Commerce

At the November meeting of the Walton Hills Chamber of Commerce, Ed Riley of Ferro Chemical Co. was asked to accept the nomination for president again. Riley declined, as his company is expanding elsewhere. He is in charge of the expansion, making it impossible to accept the renomination.

Members nominated for offices are: Leonard Roll, Master Anodizers and Platers Co., president; Lou Walters, Walters Construction Co., second vice-president; David Bluffstone, Done-Rite Bowling Co. secretary; Louis Parr, Parr Metals Co., treasurer; Jessica J. Stone, Jessica Justine Stone Realty, publicity. Election will be held at the December meeting.

It was voted that the second vice president be present at all meetings of various committees.

Ernest Hunter of Watson Motor Rebuilders Co., Anthony Schauer of Schauer Brone and Aluminum, and James Peters of Pioneer Casting are now prospective members.

A member questioned what can be done about the bump on Alexander Road. Floyd Carr stated that it is on the schedule for resurfacing. He also suggested that a no-

tice be sent to someone from the County to come out to the Chamber and explain what can be done to improve this road, as it is a main road to the airport.

The program for December will be announced at a later date.

Victor Hindelang of the Ford Motor Co. showed a moving picture titled "Where Were You?" This was a Ford Motor Company presentation narrated by Joseph Welch. The pictures, appropriate at this time, concerns politics.

The film impresses upon the American public what happens in politics how nominations are made and how they get on the ballot.

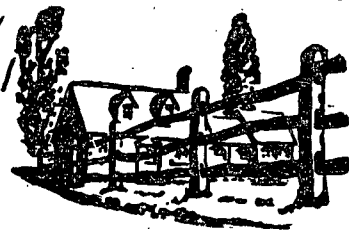

A startling fact brought out was that six or seven people out of 100 people actually elect candidates at the primaries and out of that six or seven people, four can be swayed, leaving three out of every 100 people controlling the primary election.

Upon leaving church Sunday, I was pleasantly surprised when a toddler pointed to the crib scene and exclaimed "Mommy, there's the Baby Jesus" It is refreshing

to see a small tot recognize the true meaning of Christmas as well as the more common sight of Santa Claus.

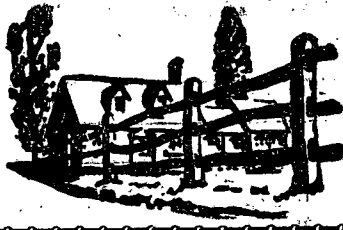

Seeing her face light up, I couldn't help remembering how a child gives you its silent attention, eyes round with wonder when being told the story of Christ's birth. Each time we hear it, the story seems to have acquired a new meaning, not only the tender story of a birth, but also the story of God's love for man.

Christmas is a season of excitement and anticipation, of generous impulses, increased feeling of good will to others and a deep feeling of contentment and peace.

May I take this opportunity to wish all my readers Season's Greetings.

A short but pleasant three days were spent in the Pocono Mountains recently by Mr. and Mrs. Drummond Russell and children Rob and Pat of Orchard Hill Drive. Staying at the Pocono Manor was quite a treat for them, although a trifle too formal for the children to enjoy.

Skiing, tobogganing and yes, even swimming was enjoyed. Actually, Mrs. Russell said, she preferred to sit by the warm fire and take it easy herself!

Welcome to new residents Mr. and Mrs. Lad Sanda and children Joyce and Cindy of Walton Road; Mr. and Mrs. Ronald Novak and children Ronald and Mary Lynn of Spanghurst Drive.

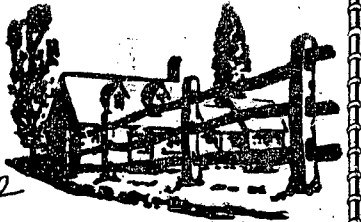

Corner of Conelly Boulevard and Hicks Road boasts new owners Mr. and Mrs. Andere Weber and daughter Lousie. Alexander Road has new residents Mr. and Mrs. Jerry Pittis and their four-month-old son, Todd.

Welcome to all of you. We hope you will enjoy Walton Hills and find it as pleasant to live in as we do.

The meeting was turned over to the speaker of the evening, Robert Van Nice, from the County Engineers office who talked on the ways

and means the county receives its money for roads, how it determines which roads to repair and which roads to improve. He also gave a brief history of the highways in Cuyahoga County.

Van Nice recalled that Cuyahoga County was formed in 1810 and has 45 square miles within its borders. Euclid Avenue is the longest

'Christ Jesus' Is Science Subject

Value to all mankind of the healing ministry of the Master will be stressed at Christian Science church service Sunday, in a Lesson-Sermon on the subject "Christ Jesus."

Luke's account of the healing by Christ Jesus of the man with the dropsy will be included in the Bible selections.

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy this citation will be read (p. 180): "When man is governed by God, the ever-present Mind who understands all things, man knows that with God all things are possible. The only way to this living Truth, which heals the sick, is found in the Science of divine Mind as taught and demonstrated by Christ Jesus."

The Golden Text is from Colossians (2): "As ye have therefore received Christ Jesus the Lord, so walk ye in him: rooted and built up in him, and established in the faith, as ye have been taught, abounding therein with thanksgiving."

street bearing the same name, Euclid, from here to Buffalo. In 1850, Euclid Avenue was recognized as a public highway.

There are 1,150 miles of county roads, 800 miles of city or village streets, 58 municipalities, 300 miles of highways and 1,800,000 people in Cuyahoga County. The county maintains and instructs a key system of all county roads. It coordinates state highway and local freeway systems.

The county is allocated \$4,000,000 a year for construction purposes. License tag fees (auto and truck) provides 47 percent of monies used for roads plus a small amount from the gasoline tax.

In 1961, 5 1-2 million dollars was used to maintain roads (snow removal and surfacing \$2,500,000). The county does not maintain roads in the city of Cleveland.

The Administration Retirement fund is \$1,700,000. The balance of income is for widening of roads and surfacing with \$1,000,000 for construction.

In 1962, \$6,200,000 house bill 49, took license tag fee for safety and gave it to the county. One million dollars additional was to be added to construction funds and two million for roads and bridges. The bond account ran dry. House bill 49 asked for \$2.50 increase in license tag fees.

The County Commission on highways is given permission to tax real estate. The county is interested in development of freeways. A report on Alexander Road will appear in next week's issue.

Mayor Thomas G. Young was a guest at the meeting and pointed out that Walton Hills subscribes to fire protection with Mutual Aid Companies which have more equipment available than the city of Cleveland. He also pointed out the greatest drop in classification rates is determined by being within one thousand feet of a fire hydrant.

He also commented that there was saving of \$175,000 by the village on the widening of a culvert on Egbert Road. By doing this work themselves it only cost the village several thousand dollars, eliminating a lot of cutting down on a hill near the culvert.

Nick Lippucci from Walton Hills Shell Station, Bernard Rainer from Bedford Gear and Tool Company and Merlin Bement, Walton Hills Clerk, were also guests at the February meeting.

The Chamber of Commerce will meet tonight, March 1, at Dranek's Astorhurst at Dunham and Tinkers Creek Roads with dinner at 6:30

Chamber of Commerce

At the last Chamber of Commerce meeting, Robert Van Nice of the Cuyahoga County Engineers office was guest speaker. Following are the highlights of his speech on a matter of importance to all of us in Walton Hills.

Alexander Road to Dunham Road is basically good pavement but needs a salvage job costing \$300,000 to widen and resurface it, and Dunham to Northfield will cost \$650,000. This cost is eligible for 50 per cent Federal aid and the remaining 50 per cent would come from the county.

How does the county get their 50 per cent? It would spread the work over three, four and five year and skip sections. Local municipalities would participate in construction, with assessments against property owners for Alexander Road. Maximum cost to municipality is 50 per cent for two lane project. Four lane highway will cost the municipality 25 per cent, providing the traffic is there. Municipalities that come up with the money will get priority.

Through highways must let the trucks have privileges. The county took a two year traffic check on Alexander Road. We don't know when they will four lane Alexander Road.

Nursery School

Nursery school fathers and mothers are reminded of the meeting Thursday, March 22, at the town hall.

A movie, "The Frustrating Fours and Fascinating Fives," will be shown, followed by three short movies: "Ages and Stages," "To Spank or Not to Spank," and "The Five Biggest Problems of Parents." Refreshments will be served, with movies starting promptly at 8 p.m.

Registrations for nursery school for next fall will be held Thursday, March 22, at the Town Hall at 7:30 p.m. There will be a \$1 registration or application fee for each applicant, which will be used to pay the nursery school's membership to the Cleveland Nursery Association.

Walton Hills children three to five years of age are eligible for membership upon approval of the membership chairman and teacher.

Those not accepted for this fall will be put on the waiting list as openings occur during the year. Those who are in nursery school this year and will be next year should register also.

The co-operative nursery school meets Wednesday, Thursday and Friday mornings from 9:30 to 11:30 at the Town Hall basement. Mothers take turns driving and assisting the teacher, Mrs. Ted Hack. Mothers who do not drive take more turns helping in the nursery school.

The non-profit nursery school charges \$12 a month per child. A \$2 insurance fee, which insures the child from the time he leaves home until he returns, is charged after the child has been accepted.

The nursery school is on the approved list of the Cleveland Nursery Association and is taught by Mrs. Hack, an experienced teacher in education and nursery school training.

Contact Mrs. Charles Pike, BE 2-5132, president of the Nursery School, or Mrs. Hack, BE 2-3520, if you have questions.

Those registering for nursery school for next year are invited to stay for movie night at 8 p.m. at the Town Hall. These movies will not be shown next year.

Rubbish Collection

Residents of Walton Hills are reminded that only rubbish in proper containers will be picked up on Trash Day, the first Monday of each month.

The contract between the village and the Cleveland Maintenance Company calls for: (1) All normal, non-burnable rubbish must be at the curb in a minimum of 15 gallon and a maximum of 30 gallon metal, plastic or water-proof containers. (2) Only exception is newspapers securely tied.

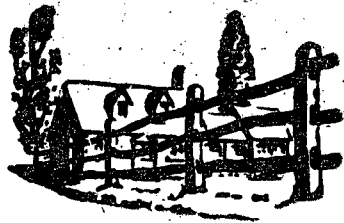

Leave newspapers in a bundle on top of the rubbish can. Do not put them in a cardboard container as they will not be picked up. Please observe the above rules and cooperate with your village officials.

Jack Laing reported on a temporary adjustment on the traffic light on Krick Road. He stated that Krick Road was to be widened at the bend.

Victor Hindelang of the Ford Motor Company commended the village on the success of the light system that had been installed. The company is pleased that it solved the traffic problem — getting employees out at shift-change time. Installation of the hand signal and the cycle change of the light in front of the plant has cleared up congestion.

At the Trustee meeting Feb. 26, each member was given names to contact from the roster of the Commercial and Industrial Directory in Walton Hills.

A motion was made that these trustee meetings be continued monthly. The group will meet the Monday before the first Thursday of each month at noon for a luncheon meeting.

Louis Parr represented the Walton Hills Chamber of Commerce at Oakwood Business Men's Association March 5 at Oakwood Village Hall. He will give a report on this meeting next month.

Ed Hino and Ted Macejak were appointed to serve on the membership committee. Victor Hindelang suggested a once-a-year get together in the form of a dinner-dance.

Mayor Thomas Young and Council President Jack Laing will present talks at the April 5 meeting.

Following the meeting, Earl Saunders and Howard Traffis, Purchasing Department Buyer from the Cleveland Electric Illuminating Company, spoke on the Illuminating Company coal pipeline. This unique installation is designed to supply the greater portion of the coal consumed at Eastlake.

It runs 108 miles from Pittsburgh Consolidation Coal Company mines near Cadiz, Ohio, across country to Eastlake. Coal is piped as "slurry," a mixture of equal quantities of coal and water.

The 11 inch pipe is buried below the frost line. Its capacity is one-and-a-quarter-million tons of coal a year with pressure maintained by three pumping stations along the route.

A separation plant at Eastlake is designed to break down the "slurry" into its components — the coal to be dried for burning in the plant furnaces; the water, purified to a high degree, to be discharged into Lake Erie.

meeting will revolve around the March theme, "Islands of the World." Friday, March 23, at 7:30 p.m. at village hall.

A reminder to all Cubs — the event for March is bowling at Roseland, Sunday, March 25. Meet at the village hall at 1:30 p.m.

Tragedy Averted

Serious damage to the kitchen in the home of Mr. and Mrs. Ed Sarnecki of Spanghurst Drive was averted last Sunday morning due to prompt action of volunteer fireman William Seiverth who put out the grease fire with the aid of a carbon dioxide fire-extinguisher belonging to neighbor Elmer Boege of Hicks Road.

Sarnecki attempted to call the Fire Department but could not, due to smoke. He notified his neighbor, Mrs. Elmer Boege, who promptly called the Bedford Fire Department and then roused her family.

They rushed to the aid of their neighbor. Elmer assisted in getting the children out, Carole carried out two of the children and Jim secured the extinguisher from their truck.

Fireman Seiverth of Meadow Park Drive, Walton Hills, who was on the scene in a matter of minutes, took the carbon dioxide extinguisher and put the fire out. The Bedford Fire Department arrived minutes later with a full complement of men and two pieces of equipment. Also on the scene was Patrolman George Furst.

Prompt action, proper procedure, and assistance of neighbors saved the day. Damage was restricted to the stove and possible smoke damage.

The value of first-aid, fire-fighting equipment cannot be overrated and each family should provide the proper units within their own homes.

We have become more aware of the problem of fire in Walton Hills since the recent explosion and fire at the John Alesci home on Alexander Road. The "most probable" cause of that disaster was a leak from an underground natural gas line. However, fire can start from many different sources.

With spring cleaning just around the corner, now is a good time to inspect your home and eliminate common fire hazards. In addition to removing the causes of fire, the homeowner should know what to do in case of fire.

The first rule is to call the fire department, BE 2-1212, when you

smell smoke or see a fire. Do not attempt to fight a fire until you have notified the fire department and given the firemen your exact address.

This is the most important reason to have the correct house number on your mail box.

Have one or more good fire extinguishers around the house and know how to use them. Be sure your extinguisher is one that has been approved.

Fires are generally divided into three classes, and a knowledge of the type of fire will determine the type of extinguisher to use. Class A fires are those involving wood, textiles, rubbish, etc. For this type of fire an extinguisher using soda-acid solution or foam is best.

Class B fires are those involving grease, gasoline, oil, and other flammable liquids. Dry chemical, carbon dioxide, and foam extinguishers are the best for this type of fire. Don't use water or soda-acid extinguishers; they may spread this type of fire.

For emergency in a small area, baking soda sprinkled on the fire will do the trick also. It is a good idea to keep a box of baking soda in the cupboard near the range.

Class C fires are those involving electrical machinery or wiring. Here again the dry chemical or carbon dioxide extinguisher is the best since it will not conduct electricity.

Nearly 85 percent of all home fires start in the kitchen, and it's a good idea to keep an extinguisher in or near this room. Kitchen fires usually involve grease or electricity; so an extinguisher approved for Class B and C fires is best.

It might be a good idea to look around your house and see if you're harboring a potential fire. Even more important is a family drill to make sure that everyone knows what to do in case fire should strike.

Sabin Vaccine

Sabin oral vaccine Type I will be available to all residents of Walton Hills Sunday, May 27, and Sunday, June 3, from 12 noon until 6 p.m. Type III will be given four weeks after the first dosage and Type II eight weeks after the first dosage.

Preregistration blanks will be carried in the Times-Register May 17 and May 24 editions and other newspapers. A blank can be filled out for an entire family so that a minimum of time will be lost.

The public is urged to take advantage of the Sabin vaccine even if they have had the Salk vaccine. The Salk vaccine has done well in preventing polio in the individual, but it has not and will not prevent vaccinated persons from being carriers of the polio germ.

There is no maximum age limit for the Sabin vaccine. If anyone is scheduled to receive the Salk vaccine within the next few weeks, it would be wise to wait until May 27 and get the Sabin vaccine instead. If in doubt, contact your own doctor.

A movie about the Sabin vaccine, explaining how it is made and answering questions you may have, will be shown at the Town Hall Wednesday, May 18, at 9 p.m. A question and answer period will follow.

Nursery School

Nursery school will close with a

picnic Thursday, May 31, at Willis Street entrance Bedford Metropolitan Park.

By trial and error, the mothers have found this park the most satisfactory for small children — children don't have to be kept away from water as at Walton Hills Park, and there is no ravine such as at Dunham Road entrance to Metropolitan Park.

There are swings, picnic tables and fireplaces and a shelter at the Willis Street park. As usual, the picnic is open to everyone.

Safety First

All Walton Hills residents are invited to attend a display and demonstration of various home-type fire fighting equipment Saturday, May 19, at the Village Hall and in the adjacent parking area. The activities will commence at 1:30 p.m. and will last approximately one hour.

The Council Safety Committee has made arrangements with one of the leading manufacturers of fire fighting equipment to have one of their representatives give instructions and demonstrate the proper usage of various types of equipment which some of the villages have in their homes or have indicated an interest in purchasing.

Walton Hills, once a part of Bedford, will be one of the communities celebrating Bedford's 125th anniversary.

Walton Hills Women's Club will aid in celebration plans. Members interested at present are Betty Walton, Jerry Furst, Jessie Johnson, Dorothy Smith, Julia Cindric, Dixie Pajaanen, Gisele Brown, Alice Toth, Lucille Conelly, Nancy DeMarchi and Stella Volpe, chairman.

Chamber of Commerce

The following business was discussed at the April meeting of the

Walton Hills Chamber of Commerce:

Louis Parr, representing the Walton Hills Chamber of Commerce at the Oakwood Business Men's Association made the following report;

The speaker from the Cleveland Electric Illuminating Company Development Department stated that there are 13,000 communities competing for industrial areas. He urged members to develop zoned industrial land as fast as possible.

Victor Hindelang and Floyd Carr reported that the entertainment committee is working hard on the Chamber's party.

It was agreed to discontinue the regular monthly meetings for July and August, but continue the trustee meetings.

Stan Fields has invited Edwin C. Higbee from the Department of Commerce to be speaker for the May meeting.

Howard Young, from the Hannan Construction Company, spoke. He is one of the charter members of the Walton Hills Chamber of Commerce.

Councilmen Ben Pace, Ted Hack and DeWitt Noeth were present to hear the speaker of the evening, Mayor Thomas G. Young.

Mayor Young said "three years ago, members of industry and business in Walton Hills attended a meeting at the Ford Motor Company. At this meeting some of the desires of the officials were pointed out.

"Consequently, a letter was written by the Mayor to the Chamber of Commerce in 1961, thanking the Chamber for its accomplishments."

Mayor Young stated that a municipality could do only so much. The majority of the responsibility rests upon the members of the Chamber of Commerce and any new enterprises locating in the village.

"The advantages of cooperation between Government and industry mean much to the residents, and more to members of the Chamber of Commerce money-wise.

"Walton Hills municipal tax rate is second lowest in Cuyahoga County. What is saved in taxes is money in the bank for industry. It means at least 48 percent of every tax dollar saved will show up as net profit to a corporation.

"New industry locating within our community; will give present industry a break-tax-wise, or at least prevent taxes from going higher.

"The majority of taxes in any community support our school systems; and rightfully so, as we must educate our children. We will do all we can to invite new industry into our community."

Mayor Young stated that he felt that industry in general showed a lack of interest in government, on local state and federal levels.

Chamber of Commerce

Stan Fields has announced that guest speaker at the September meeting will be James Lambert from the Factory Insurance Agency. His topic will be "Industry's Responsibility to Fire Protection."

At the June meeting Ed Higbee showed films of his trip to India. Higbee is manager of the Cleveland Field Office of the United States Department of Commerce. Some of his comments were:

"India has a population of 400 million people. This country is a tremendous potential market area for American goods. Many Ohio-made products find their way to this market.

"The location of India makes her a prime target for the Communists. Our country through its foreign trade can help these people and they can help us.

"Poverty, lack of housing, food, and medical care compound India's problems. Mass production methods are almost non-existent. As the material level of these people rises, their potential buying power will increase. Many countries, principally Japan, Germany and Russia are trying very hard to develop trade areas in India.

Our country, through the Field Offices of the Department of Commerce, assists local industries with their problems in exporting their products. Credit is handled through Export-Import Banks. America must develop foreign markets if we are to find users of our industrial production."

Combined Charities

Combined Charities time requires decisions from all residents on the following questions: (1) How much to give. (2) Does this amount include as much as you would give if each drive knocked at your door individually. (3) Can you give enough so one drive will continue to be successful and not require more drives. (4) Are you familiar with the work of each charity?

United Appeal has served our community more than any other. It includes Red Cross, Cerebral Palsy and Community Chest with its 159 agencies.

Under miscellaneous services, one Walton Hills youngster was cared for in a children's home, four persons received the technical service of Nationalities Service Center, and one local resident was helped by the Travelers' Aid Society.

(7) Heart Research and Cancer Research are given through the Cleveland Foundation where most needed.

Walton Hills Given Tree Plan

A complete analysis of Walton Hills tree lawns, their present condition and recommendations for future development, was presented village officials by the Cleveland Electric Illuminating Company on Nov. 20.

This Master Street Tree Plan was given to Mayor Thomas G. Young and the Village Council by Anthony L. Rinaldi, Jr., Illuminating Company arborist.

The Walton Hills plan consists of a street-by-street study of all existing site conditions, as well as recommendations for future plantings within the street rights-of-way.

All of the recommended trees mature at heights between 16 and 35 feet and possess characteristics which will enhance the natural land-

scape of Walton Hills.

Detailed information, such as the specific tree suggested for each street, may be obtained at the Walton Hills Village Hall or from the Illuminating Company, which offers such tree plans as a community service to all Northeast Ohio municipalities.

Other communities in this area which are planting street trees according to plan are Bedford, Bedford Heights, Brecksville, Maple Heights, Oakwood, and Valley View.

Could we see when and where we are to meet again, we would be more tender when we bid our friends goodbye. —Ouida

Nursery School

The children took great pleasure in bringing their fathers to school at Open House for Fathers Nov. 11. Although fathers are busy, children really appreciate the time that day, and fathers had an opportunity to see the typical nursery school day,

plus the equipment and schedule followed.

In nice weather, the children have been collecting pine cones, acorns, stones, etc. to make various items when the weather gets too bad to go out. Pumpkin pies were made one day and taken home to share with mother. Popcorn balls were made for Thanksgiving Day.

The children will decorate their own Christmas tree, as usual, and make things for their Christmas party, as well as gifts for Mother and Father. For the safety of the children, bad driving conditions do cancel a nursery school day usually.

Women's Club

A reminder that the Women's Club welcomes new members at any time but would like to caution past members that an additional \$1 penalty is made if dues for the current year are paid after Nov. 30. Dues are \$5 and are payable to treasurer, Mrs. Ed Brown, 16988 Alexander Road.

Another reminder that fruit cakes are still available for the holidays and can be ordered from Mrs. Ben Pace, 282-0474. The prices of the two most popular sizes are two pounds for \$2.25 and three pounds for \$3.35.

Men's Club

A Christmas party is planned for Monday, Dec. 3, at Fox Hall. This will be a buffet lunch, same as last year. Those who attended will attest to the fine evening of singing, along with the regular program.

Any new villagers wishing to attend may get tickets from Gus's Barber Shop or contact any of the officers or trustees, namely Bob Washko, Pete Sochacki, Ed Brown, George Paajanen or any of the trustees. Tickets are \$1.50. Party begins at 6:30 p.m.

Teen Club

The bowling party at Roseland Lanes was such a success the Teen Club will go bowling at Roseland every second Thursday of the month at 7 p.m.

Last Christmas and Easter, gifts were given to children at Dunham Road Hospital. In order to do so again this year, a bake sale will be held to raise money. The sale will be Saturday, Dec. 8, at the Town Hall from 11 a.m. to 5 p.m. Baked goods should be brought to the Town Hall between 10:30 and 12 noon Saturday.

The next Teen meeting will be Dec. 6. Dance lessons will be given by Joe Calo after the meeting.

Boy Scouts

The weekend of Nov. 10 and 11, 12 boys from the troop went on a camping trip to Beaumont Scout Reservation. Ray Connelly and Charles Pike were the adult leaders. The boys worked at passing advancement tests and enjoyed a weekend of scouting fellowship.

Jimmy Salamon has passed the requirements and advanced to the rank of Life Scout.

A word of praise to James Salamon, assistant Scout Master, who has been filling in for Scout Master Don Taussig for the past several weeks. Taussig has found it necessary to work extra hours this fall at his place of business and will probably have to continue this schedule until the end of the year.

At the Nov. 20 troop meeting,

Patrolman Ronald Keller and Chief Frank Simoni of the Walton Hills Police Department gave an excellent demonstration of the latest first aid techniques.

Scout Master — Honored

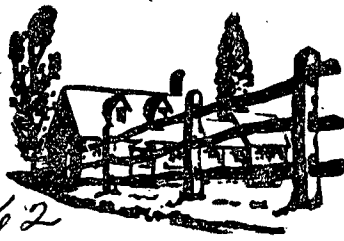

Scout Master Dan Taussig was awarded the "Order of Merit" at a recognition dinner attended by all the scout leaders in the Sunrise District on Nov. 14. This is the highest award which can be given by the scouting district.

Taussig earned this award by 15 years of active participation in scout leadership. During this time he has served as scout master, assistant scout master, committee man, troop committee chairman, neighborhood commissioner, district advancement chairman, district Eagle board of review chairman has participated in leadership training courses, sustaining membership drives, organization of various scouting units and as a merit badge counselor.

Undoubtedly, the district could not have conferred this award upon a more deserving scouter. The fine scouting program in Walton Hills under Taussig's leadership is a glowing example of his faithful and competent devotion to the Scout movement.

Christmas Trees

Villagers are urged to take notice of the fine display of balled and burlaped Christmas trees that the Cub Scouts have for sale this year. They're beautifully shaped and freshly dug. After the holidays they can be planted in the yard to be enjoyed and admired for many years.

Cut trees are available for those who prefer them mostly Scotch Pine. Orders may be placed with Gus the Barber at the corner of Alexander and Walton Roads.

Here are a few tips on how to keep your rooted Christmas tree in good health:

(1) Place the tree in a metal tub so that roots can be kept well moistened (this is very important) but not water logged.

(2) If possible, keep the tree in an unheated room or garage for a few days before bringing it into the house — also before planting it in the yard. The idea being to reduce the shock of temperature change.

(3) Avoid putting ornaments or lights on the spike of the tree, as this may kill the leader and possibly deform the tree.

This year the Cub Scouts motto is "Keep Walton Hills Green" and the Cub Scouts solvent!

Walton Hills Club

Club members are urged to make reservations for New Years Eve promptly. This event has grown in popularity and enjoys a capacity crowd each year. Guests from outside the village are being accepted.

Probably the main reason for its success is the handy location — Fox Hall, right here in the village. Another reason is the price of \$15 per couple which includes dancing to the Hi-Fi's, a buffet supper, hats, noise-makers and set-ups.

And still another, villagers can spend New Years with friends and neighbors. Call Mrs. Donald Hovan, 232-9658, or Mrs. William Conant, 232-5774.

Rangers

The Rangers Board of Directors will meet at the home of Mac Mills, 7400 North Meadow Park Drive, Dec. 30 at 3 p.m.

The regular monthly meeting will be Wednesday, Jan. 9, at 7:30 p.m. at the Village Hall.

Men's Club

The Mens Club invites all village men to the "Man of the Year" dinner. The dinner will be held at Fox Hall Jan. 7, 1963, in honor of General Ludwig Conelly.

Contact any of the officers of the Mens Club or Gus' Barber Shop for tickets.

Christmas Greetings

With the passing of the years, may the meaning of Christmas be ever deeper — its joy and friendliness ever stronger and its hopes ever brighter.

My warmest wishes to all my readers for your happiness at Christmas and always.

Men's Club 12/27/62

The coming January event will be the "Man of the Year Dinner." Guest of Honor will be General Ludwig Conelly. Besides the General's long career in the Army, he has developed much of our fine community. He has also served as mayor, and recently retired as civil defense director. Reservations may be placed with any officer of the club or at Gus's Barber Shop.

Nursery School

With many Christmas plans delayed by the big snow, the nursery school children attended school five instead of three mornings before Christmas. Christmas cookies for the Friday Christmas party, Christmas gifts of wreaths made of acorns and pine cones glued on cardboard and sprayed gold or silver, candles made in baking cups and decorated with glitter and stars, and gifts for father, were all crammed into one busy week, along with some time out for play in the snow.

Before the big snow, the children gathered many cones and

Boy Scouts

Fourteen boys in the troop were disappointed when the camping trip to Beaumont Reservation on Dec. 15 had to be cancelled because of impassable road conditions at Rock Creek, Ohio. However, an impromptu get-together at Ralstons Saturday afternoon for ice skating and sleigh riding helped dispel the blues.

All concerned are looking forward to the coming camping trip to Clendenning in January. This will be a three-day camp leaving Fri-

day afternoon and returning Sunday afternoon. This trip is scheduled for Jan. 18, 19 and 20 and is expected to be the highlight of the winter camping season.

The troop has been concentrating on advancements recently and several of the boys have earned new rank: Alan Czarniecki-second class; Richard Lippucci - second class; Russ Stanek - first class; Fred Tribuzzo - first class; Sanford Ralsten - chemistry merit badge; Jim Salamon - soil and water conservation merit badge; Tom Stora - citizenship in the home merit badge.

The troop is especially proud of their Scoutmaster Dan Taussig, who received the "Order of Merit" Award from the local scout district and now in December has received the "Silver Beaver Award" from the Greater Cleveland Council. The "Silver Beaver" is the highest award which can be earned by a Scouter from the Council level.

Teen Club

The teen club now has its much-needed record player thanks to the Lippucci family who donated it and Frazer Lockart who repaired it.

The Bake Sale was not as successful as the teens had hoped, however they hope they will get more support at future events. The profit that was made was used to purchase Christmas gifts for the children at Dunham Road Hospital.

A toboggan and ice skating party will be held Sunday, Dec. 30, at 7 p.m. at the homes of Lauraine Eckert and JoAnn Venaleck. Members may bring a guest.

Rangers

Please note the change in date of the next meeting. Rangers will meet Wednesday, Jan. 9, in the Village Hall at 7:30 p.m.

Men's Club

The Men's Club had a wonderful turnout when they gave a testimonial dinner for General Ludwig S. Conelly at Fox Hall Jan. 7. President Bob Washko covered a brief history of the General's 79 years of dedicated life. General Conelly was born in Kingston, Ohio, Aug. 29, 1883. He received his first taste of military life in 1903, as a member of the Cleveland Grays, Ohio National Guard. Still being a civilian at heart, he began his realty career in 1906.

During World War I, he served as a major, was wounded twice, once in the Argonne Forest, France narrowly escaping death. He also received the Silver Star for outstanding performance beyond the call of duty.

At the war's end, he commanded the Ohio National Guard. In 1929, he was elevated to Brigadier General.

Back in the real estate business in 1932, he lost much of his real estate holdings as a result of the depression. Living in Bedford, the General's aggressiveness prompted him in developing the Walton Hills area in 1937.

World War II required his services as commander of the U. S. Troops in the Fiji Islands and New Zealand from 1940-1945.

At the war's end, he retired from active service and continued with his plans in developing Walton Hills. In 1952 he moved into his home on Conelly Boulevard. The following year Mrs. Conelly died.

The General served as mayor of Walton Hills, and recently retired as administrator of Walton Hills Civil Defense.

Mayor Tom Young also related many interesting intimate details of their struggles together in starting the community. Mayor Young offered on behalf of himself and members, an honorary salute to the man who has contributed so much of his dedicated life to the community.

Ed Kohn, trustee, had the honor of serving under the General's command in World War II. It was an honor having Ed serve the Men's Club in presenting this plaque to the General.

The Men's Club thanks John Kocsis for a marvelous job in his picture presentation, also the quintet for their five musical orchestrations.

The club will be entertained by an organist at the February meeting. More about this later. This will be for members only.

Women's Club

Hat-making lessons, under the guidance of Mrs. Joe Caronite, will begin Tuesday, Jan. 22 from 1 to 3:30 p.m. There will be a series of eight lessons in all for a charge of \$10.

Mrs. Caronite will have all millinery supplies necessary for the construction of custom-made hats. Knowledge of sewing is not essential as the four basic millinery stitches will be taught. A few more reservations are needed to fill the class. Anyone interested may call Mrs. Ed Eckert 232-0308, for more information.

Guest speaker at the Jan. 23 Women's Club meeting will be Dr. Delhaes, a member of the staff at Hawthornden State Hospital. She will speak on a subject well known to members, "Our Cottage," which the club sponsors as a service project. Her talk will give all club members a better understanding of the people living at Hawthornden.

After discussion, Councilman Ben Pace moved that they be granted a 90-day extension. Council approved.

He read a copy of a letter to Albert Porter, county engineer, thanking him and his staff for the cooperation Walton Hills has received from them in road maintenance in the past two years.

Boy Scouts

Four new boys have joined the troop. Gary Plush joined recently after moving into our village. Tommy Mazzone, Keith Lindauer and Tom Sabo have recently advanced from the Cub Pack.

Two boys were advanced recently. Mark Sohacki is now a first class scout and Pat Pike has become a second class scout.

The January camping trip was a big success. Twenty-one members of the troop, James Salamon, Lowell McCarty and "Susie" (troop bus) went on a three-day safari to Camp Clendenning. The scouts ice skated, hiked, explored a different camp and had many other "activities," as well as a mapping project and some work on individual advancements.

"Highlight" of the trip was the campfire Saturday night. It will probably set a record for some time to come. The entire group helped gather the firewood and teamwork paid off. The huge fire, built on a peninsula into the lake, provided light and warmth for an evening of ice skating and fellowship.

Sunday, Feb. 10, Salamon and "Susie" took 18 members of the troop to Virginia Kendall Park for an afternoon of sled riding, skating and ice hockey. A good time was had by all.

The February committee meeting is the annual organization meet-

ing for the troop. All scout fathers are urged to attend this meeting and to join the scout committee. This meeting will be held at "Whitey" Stora's, 7699 McLellan Drive time 8 p.m.

March is the month when the Boy Scouts of America hold their

annual sustaining membership drive. This money goes to scout headquarters and provides 53 percent of the annual budget.

The money will be used by the local Cleveland Council to maintain camp sites, hire Rangers, provide paid leaders to head the scout organization and other necessary expenditures.

All parents and friends of the cub pack, troop, and explorer post will be asked to contribute.

Dr. Daniel J. Shapiro, pediatrician, talked about accidental poisonings in the home at the last Nursery School meeting. Aspirin was mentioned as one of the most common offenders. Many items found in garages also give great trouble to small children.

Dr. Shapiro stressed preventing the young child access to many items, while also educating the child so that by the age of five, he can be trusted not to touch poisonous items. His recommendation for a child who had been poisoned was to try to get the child to vomit, call the doctor for advice, and to take the child to the hospital with the bottle the child had used.

Valentine's Day was an excuse for a party and making cookies for the children. They enjoyed a visit from a monkey named "Hank" owned by Mrs. Edward Cook of Tulip Lane. Five baby lambs were of great interest when the children visited Mrs. Athey's sheep.

Resolution 1963-8 declaring "the opposition of the Council of the village of Walton Hills, to the proposed construction by the Cleveland Electric Illuminating Company of an electric transmission power line easterly through the Village and declaring that such construction would constitute a violation of the promise and assurance of the Cleveland Electric Illuminating Company," was unanimously passed.

Council

Mayor Thomas G. Young reported on the following items at the last council meeting: new fire contract negotiations; that Planning Commission had reviewed the application of the U. S. Plywood Company for a building permit, and felt that further discussion with representatives from the company would be necessary before a vote could be taken in this matter.

A discussion was held in regard to the financial help that the Village could give in printing a booklet, to be distributed to new residents of Walton Hills. Also plans were discussed in regard to dedication of the Delwood Recreation Park sometime during the summer months.

Council has been asked to consider a request from parents of seniors at Bedford High School to use the Recreation Park for a celebration for the graduating class with village members as hosts.

Additional electric street lights to be installed at intersections of county and village roads were also discussed. Councilman Ben Pace moved that the solicitor draft necessary legislation to proceed with this program at a yearly cost of about \$2,300.

Councilman E. H. Eckert reported that he had received a letter from the Board of Elections stating that he was appointed to a four-year term and that he will not be required to run at this year's election.

Councilman Eckert moved that a resolution be drawn commending Donald Martin for his services on the Planning Commission from March 17, 1959, to the time of his recent resignation from that body. Council approved.

Ordinance 1963-6 giving consent to the Cuyahoga County Board of Commissioners to maintain certain county roads in the village of Walton Hills, was approved.

Councilman Pace introduced a resolution approving a street lamp location plat for additional electric street lighting in the village and authorizing preparation of specification, therefore, and read it in full for the first time.

The purchase of a new police car was awarded to Stone Ford Company, Hudson.

Annual Talent Program

The Annual Talent Program will be held at Glendale School Friday, March 22, at 7:30 p.m. The diversified program is free and open to the public. Walton Hills is es-

pecially well represented. The public is invited to come to this fine program. This show always plays to capacity audiences, so come early!

Boy Scouts

Troop 417 has received the "Honor Unit Award" from Scout Headquarters. This award was earned by exceeding standards set up for advancement, membership and camping.

The troop reorganized its leadership early this year. In most cases some of the older scouts have yielded their positions to the younger fellows in the troop to allow them to increase their scouting skills by being leaders. Following is the new roster of leadership for the troop:

Senior Patrol Leader - Charles Pike; patrol leaders - Jerry Chojnowski, Larry Kalchert, Dennis Lindauer, Michael McCarty, Mark Sochacki, Fred Tribuzzo; assistant patrol leaders - Larry Barrett, Allen Czarnecki, Gary Hansen, Wayne Markis, Terry Pallaise, Kurt Warnke; librarian - Billy Connelly; buglers - Larry Kalchert and Sanford Ralsten.

A welcome is extended to Bill Morris who is coming back to the troop from the Explorer Post to become assistant scout master. Bill is well qualified in scouting and will be a valuable addition to the adult leadership roster.

Sanford Ralsten has earned the World Brotherhood merit badge and Fred Tribuzzo has earned the Stamp Collecting merit badge.

The troop committee held its annual organization meeting recently. The following officers were elected for 1963: chairman, Al Kalchert; secretary, Ray Connelly; treasurer, Bob Hansen; advancements, Myron Warnke; publicity, Lowell McCarty; transportation, Nick Lippucci; supplies, Whitey Stora and quartermaster, James Salamon.

Cub Scouts

The monthly Cub Scout pack meeting will be held Friday, March 22, at 7:30 p.m. in the village hall. Theme for this meeting is "Around the U.S.A." and should have many interesting displays and skits from the various dens.

Bedford High Audition Winners

The District IV Solo and Ensemble Auditions were held at North High School, Willoughby-Eastlake on March 9, 1963. Among the Bedford High School entries from Walton Hills were the following solos and members of ensembles: Con-

nie Hack, French horn solo, II Rating class A; Sanford Ralsten, Trombone solo, II rating class A; trombone quartet, II rating class B - two members, Sanford Ralsten and Keith Kral; sophomore girls ensemble, I rating, class A - one member, Connie Hack.

The contest included several hundred young people from the entire Cleveland Metropolitan Area.

Nursery School

Registration for next year's nursery school was held Monday, March 18. However, anyone who was unable to attend the registration and who is interested in enrolling their child, may contact Mrs. Michael Markis, 232-5627 or Mrs. Ted Hack, 232-3520.

Children who live in Walton Hills and are between three and five years of age are eligible. Mothers are expected to attend the few mothers' meetings held each year and to assist in the nursery school. Transportation is cooperative, with those mothers not able to furnish transportation taking more turns helping the nursery school than those who do furnish transportation. All children are insured from the time they leave home until they return.

Fees are \$12 per month, compared with \$50 to \$75 per month in those nursery schools where mothers do not take part in the program.

Enrollment will be kept to 15 children with one teacher and two mothers assisting each time. The remaining children will be put on a waiting list for openings that may occur during the year.

Mrs. Ted Hack, who has taught the nursery school the past eight years, will again be teaching for the coming year. Both the nursery school and teacher are on the approved list of the Cleveland Nursery Association.

Walton Hills Club

New residents may well ask, "Just what is the Walton Hills Club?" One of the primary func-

tions of any club is to acquaint the people of the village with their fellow neighbors. The Walton Hills Club does just that with approximately 170 families enjoying the park facilities and social activities.

The club offers to their members an 11-acre park complete with a lake for swimming, picnic area, and a large recreational area.

The club is open to residents of Walton Hills only. Each family membership also receives six guest tags. Most of the social activities are closed to members only. The social committee headed by Mrs. Ben Pace, has planned a varied and well-rounded program for the coming year. The first event will be an Easter Egg Hunt open to all children of the village.

The trustees would like to remind the folks of Walton Hills who have not paid their dues as yet, to do so as soon as possible. With spring just around the corner, the trustees and members will soon begin working on park and lake improvements.

Supplies must be purchased and dues are needed now so that the work can be accomplished before the park opens.

Dues are \$25 per year for family membership and are due by May 1. Checks may be sent to treasurer, Mrs. Joseph Mazzone, 18575 Carmany Drive. For any questions regarding the club, call her at 232-1804.

A trustees meeting will be held Monday, March 25, at the home of John Kocsis.

Women's Club

Anyone wanting a ticket for the fashion show, hat contest and tea which will be held Tuesday, March 26, at the Mayfair Room in May's Southgate store should call Mrs. Ben Pace, 232-0474. The fashion hat will be judged at 2 p.m. and the comic hat at 8 p.m. Good luck to all entries.

A fresh outlook for the spring season will be offered by the DuBarry School of Beauty at the Women's Club meeting, March 27.

All new residents of the village are invited to attend three meetings before joining. However, most ladies attend only one and are convinced that the organization is worthwhile and lots of fun. Teenage daughters are welcome to attend this session on beauty care.

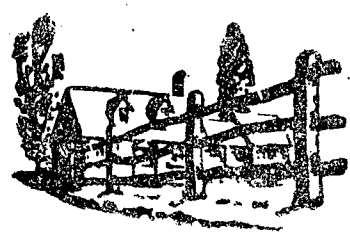

The nominating committee will present its slate of officers at the March meeting.

Keep April 17 open for the spring luncheon and fashion show to be held at Ray Kearn's Restaurant. This will be the last Ways and Means project for this club year. Proceeds from the luncheon will go toward the scholarship fund.

The trustees have been busy making plans for the coming year. Lots of fun, fellowship, good swimming and some pleasant surprises are in store for all members.

Ordinance 1963-21 providing for the employment of two part-time supervisors for summer recreational activities for the benefit of children of the inhabitants of the village and fixing the compensation and conditions of said employment introduced by Councilman Jack Laing.

The dedication of Dellwood Recreation Park is set for June 23.

An expenditure of \$560 for a P.A. system for the recreation field was approved. Also approved were five new street lights, and increasing the size of five old street lights on Krick Road.

Community Day

The Village Coordinators have made preliminary plans for the first Walton Hills Community Day to be held Sunday, June 23 at the new Dellwood Park. The village recreational area, with facilities ranging from youngsters' playground equipment to softball and baseball diamonds, will be officially dedicated and opened to residents of the village between 2 and 6 p.m.

Various service clubs of the village take pride in cooperating in the dedication ceremonies and the program to follow. Plan now to attend this gala celebration.

Walton Hills Baseball

Walton Hills Harders (Pony League Team) are busy working out every Tuesday and Thursday evenings at 6 p.m. at Dellwood Park

diamond No. 1. This team is being managed and coached this year by the father and son combine of Joe Walters, Sr. and Joe Walters, Jr.

Walton Hills Class E team, under the guidance of Mike Bordonaro, is practicing Saturday mornings and Monday evenings at Dellwood Diamond No. 1. Regularly scheduled league games starting in June will be played on Monday evenings.

Little League varsity team, managed by Bob Washko and coached by Jim Struna, work out every Monday and Thursday nights on Little League diamond No. 2 at Dellwood Park.

Regular practice sessions are also being held on Diamond No. 1 on Saturday mornings for the Home League (8 to 12 years) boys. At the present time they are being instructed in all phases of the game by Coaches Ed Sundra, Al Arters, Wally Fifer, Tom Sabo, George Paajanen, Joe Pidala, Fred Neilson, Clyde Barrow and Lad Maresh.

From all appearances there will be over 100 boys participating in these phases of the recreation program.

Walton Hills Recreation

For those villagers who have not as yet done so, it would be worth your while to drive up to the end of Dellwood Drive to see the progress that has been made with the village recreation area. The latest facilities to be completed are the sanitary facilities and the water. Playground equipment has already been installed.

We feel now that we have a recreation area to be proud of, and in order to keep it so, we are asking adults and youngsters alike to use, but not abuse, the facilities. The playground equipment that has been erected is sturdy equipment and if used properly will last indefinitely.

As soon as possible there will be a bulletin board installed announcing various events to be conducted at the park as well as rules and regulations for the use of the area.

Because of the number of children who will be walking and riding bikes to and from Dellwood Park, the area will be under strict traffic control by the village police. Necessary control signs will soon be posted.

Walton Hills Club

The past weekend found some of the more stalwart members and trustees down at the park getting it in shape for the busy season ahead. Don Knowles, lake superintendent, and Don Smith, park superintendent, have taken charge, with most of the trustees pitching in on nice weekends for the past month.

A wall consisting of railroad ties has been built along the east side of the lake from the inlet pipe to the little dock. The filter pipe has been extended and covered with gravel for better filtration. Limestone spread along the east bank next to the wall will keep down the mud. Three loads of beach sand were purchased. The entire surface of the big dock will be replaced and the small dock repaired where needed.

It was apparent that the weekend of May 18 and 19 was not too well attended and it is hoped that those who could not make it will make a concerted effort to help out on June 1 and 2. The primary reason the dues to the club are only \$25 per year for the family is that most

of the work done at the park is volunteer labor. If all members fail to do their just share, then raising the dues is the only answer.

Opening day at the park will be June 9. Weather permitting, the lake will be open and the lifeguard on duty. Instead of the usual pot luck dinner, there will be "A Day at Coney Island." Mrs. Donald Smith, chairman, promises typical Coney Island fare which will be sold at a nominal cost.

Learn to Swim Registration

There will be only one day of registration for the Learn to Swim program, June 5, from 11 to 12 noon and 1-2 p.m. at the town hall. Swimming lessons will be given twice a week for five weeks, beginning the week of June 16.

Boy Scouts

Troop meetings at the village hall are held every Monday at 7:30 p.m. All boys in the village 11 years of age and older are invited to attend.

The committee meeting will be held Tuesday, May 28.

Troop members are setting a good pace as far as advancements are concerned. The most recent boys to advance in scouting are: Craig Hoon - second class; Terry Pallaise - first class; Carmen Bonfiglio - first class; Tom Stora - Star Rank; Sanford Ralsten - Life Rank.

The troop is growing in size and the latest new member is Jeff Taussig who has moved up from the Cub Pack.

The first tent camp of the season was held the weekend of May 4 and 5. Dan Taussig was adult leader on this campout. Rumor has it that Sanford Ralsten completed a new course in flagpole drill and that an as yet unidentified group of the older scouts put on a demonstration of "How to Get Lost" for the younger members. These facts have not yet been confirmed and probably won't be.

More camps are coming up. The next one will be the annual Camporee June 14, 15 and 16. The boys are looking forward to the week-long summer camp in August and are working on their individual advancement in order to be eligible for this trip.

Bookmobile

The Traveling Bookmobile will begin June 11 at the town hall. It will visit every Tuesday from 10:30 to 12 noon. There will be a story hour with film strips. Stories will be read to pre-schoolers and lower grade children. Mrs. Robert Kainsinger will be in charge.

Jack Wise of Woodlake Drive was the lucky recipient of the outdoor brazier. Many people just enjoyed sitting and listening to the Men's Club orchestra. Others twirled and twisted to the fine music. It was a fun-filled day at Delwood Park, thanks to all who participated.

July 4th Picnic

Just a reminder to attend the picnic Thursday, July 4, at Walton Hills Club park on Rotary Drive. The program includes games and races at 3 p. m., swimming all day, grand drawing for raffle and door prizes at 7 p. m. and fireworks at dusk.

The celebration is sponsored by the Walton Hills Club for members, Walton Hills residents and all guests.

It will be held from 11 a. m. to 10 p. m. Admission for children five and under is free, six through 16, 25 cents; 17 and older, 50 cents. The charge is being made to offset the cost of the fireworks which this year will be the biggest and best display ever.

Refreshments including hot dogs, sloppy Joes, ice cream will be sold.

Walton Hills Club

A grand time was had by all who attended the mystery ride to Towne and Country in Strongsville, Ohio. In fact the ride was such a mystery no one was sure of where we were—even the bus driver! All agreed it was a very nice evening, however, not a soul was courageous enough to go swimming.

Parents will be interested to know that the lake is being chlorinated and tested, daily if necessary. The park has been open two weeks and most everyone has had a chance to meet the lifeguard. Carl Zander, He hails from Parma. He is a junior at Ohio State University and is a member of the Ohio State Swim Team. He has met all Red Cross specifications.

It is not entirely possible for the park to be patrolled at all times, nor the lake to be guarded from morning to night. Our guard is on duty from 12 to 6 p. m. daily except Monday. Parents are urged to keep their children away from the lake when it is unguarded, especially after Learn-to-Swim lessons.

This past week non-members have been sent home when unable to show their swim tags. This job is usually done by the trustees and their wives, however, all members should do their own policing job. It isn't fair to those who pay their dues, to let these "uninvited" guests" enjoy the same privileges as the members do.

Another rule is that no child under 13 be allowed unless he is accompanied by an older child or adult. Any violators of this rule will be asked to leave immediately.

For your own peace of mind, why permit your young children to go swimming alone? The club cannot be responsible should anything happen to them.

Chamber of Commerce

Highway signs were the main topic at the June 6 meeting of the Walton Hills Chamber of Commerce. Members discussed the possibility of installing seven "welcome" signs at village limits.

President Lloyd Detwiler said locations which include two on Northfield Road, two on Alexander Road, two on Dunham Road and one on Egbert Road.

Another sign, drawing attention to the Krick Road industrial park, was also suggested. This would include names of all plants in the Krick Road section and would probably be installed on the Carr Bros. property.

Floyd Carr reported that he had contacted the postmaster about the desire for mail-drop boxes on Northfield and Krick Roads. No decision has been made.

It was proposed that a film of the Indianapolis "500" race along with driver Eddie Johnson be secured for the Chamber's opening meeting in September.

A committee was appointed to contact village fathers concerning development of industry in Walton Hills. Chamber members feel village fathers have been discouraging new industries from locating in the village and are interested in learning their reasoning.

It was announced that the Ohio Chamber of Commerce seeks to list the Walton Hills Chamber in its directory. Members also discussed the possibility of affiliating with the Cleveland Chamber of Commerce.

It was noted that Master Anodizers & Platers, Inc. had donated a flag pole to the village.

Community Day

Reminiscent of the holiday atmosphere of the "good old days" will be Community Day in Walton Hills, June 23, dedication day for the new recreation center. Known as Dellwood Park, this village outdoor center offers residents something of which they can be very proud.

Starting at 2 p.m. with a flag-raising ceremony, featuring Brownies, Cub Scouts, Girl Scouts, Boy Scouts and the Explorer Scouts, the program will move on to the formal dedication with Mayor Thomas E. Young and the village council participating.

Balance of the afternoon's program to 6 p.m. will have appeal for everyone - games for all ages with prizes for the winners; a parade by the Walton Hills Rangers; Olympic games for the Cub Scouts; a typical camp by the Boy Scouts; displays by the Girl Scouts; songs by the Brownies and a softball game by the Explorers and Men's Club, if both sides keep up their nerve.

From 6 to 10 in the evening the Men's Club Orchestra (and you'll be pleasantly surprised) will play for dancing in the shelter house.

Throughout the afternoon and evening refreshment stands will be operated by the Teen Club and Women's Club.

Walton Hills C of C

President Lloyd Detwiler urged members to attend the Bedford Rotary dinner honoring boys who have achieved recognition in various phases of their high school work.

Richard DeChant, executive director of the Greater Cleveland Growth Board was guest speaker. A brief resume of his speech follows:

The Greater Cleveland Growth Board is a group of Northeastern Ohio businessmen with a common knowledge that the Greater Cleveland area was not growing with the rest of the nation. He pointed out that approximately 70 percent of Cleveland industry was being induced to leave the Cleveland area. Of this figure, one-half was seriously considering moving away from Cleveland, and about 43 percent indicated they were not favoring toward expanding in the Cleveland area.

The board was set up as a non-profit organization to provide more jobs in the Cleveland area by accomplishing two objectives: (1) keep "existing" industry in the Cleveland area because 85 percent of the jobs were provided by these industries and their growth. (2) entice "new" industry into the Cleveland area to make new jobs available.

Accomplishment of these objectives is being sought by: (1) com-

munication-changing the Greater Cleveland image, on a national basis, through a saturation program of advertising. (2) Mailing program - mail brochures and literature to company executives telling them about the advantages to be gained by locating in the Cleveland area. (3) direct selling - personal work directly with industry in selling Cleveland's advantages to them and induce industry to remain here.

The Greater Cleveland Board has accomplished much so far. A good promotion committee exists with a speaker's bureau which gives lectures about Cleveland's advantages and prospects for industry.

Eighty-eight new companies appeared in Cleveland in 1962 resulting in a 43 percent increase over 1961. There has been a 39 percent increase of expenditures for expansion by existing industries in the Cleveland area.

Ohio is becoming competitive with other states - the Ohio Development Authority Bill will provide financing through local development groups with aid from the State of Ohio.

Walton Hills Club

The weatherman cooperated with the Walton Hills Club, Sunday, to give members a fine opening day of the club park. Mrs. Donald Smith, chairman, and her committee are to be commended for a job well done. "A Day at Coney Island" was a novel idea for the opening and many expressed a desire for another such picnic at a later date. The refreshment stands were very popular with young and old alike.

Any suggestions members may have regarding the park will be welcomed by the trustees. Work week-ends continue at the park and volunteers are still needed.

Members are urged to make reservations promptly for the Mystery Ride, June 22. The bus will leave the Town Hall at 6:45 p.m. The cost for the entire evening is \$17.50 per couple and includes transportation, dinner, all refreshments and dancing. You may even bring your bathing suit. Dinner choice is prime rib, lobster tails or club steak.

Reservations must be accompanied by check by June 15 to Mrs. Donald Martin, chairman. "A Night in Suspense" is open to members and guests outside the village only. Reservations are limited. For further information, call Mrs. Donald Martin, 232-5787.

Learn-To-Swim

much as this is a cooperative program all mothers of children participating are expected to help throughout the program as in the past.

Little Olympics will be held in conjunction with Community Day, which will be Sunday, June 23 at Dellwood Park.

The theme for June is "Things to Do" which should lend to a great variety of ideas for the pack meeting.

Learn-to-Swim

Lessons will be held Mondays and Wednesdays from 12 noon until 1 p. m. beginning June 17 and continuing for five weeks. Children should be at the lake at 11:45 so program can begin promptly at 12.

The following list of rules and regulations of the Walton Hills Club must be observed at all times: Membership tags must be worn during the lessons. All children must be accompanied by an adult or a responsible teenager. No swimming permitted by those not registered in the classes during the Learn-to-Swim program hours 12 noon to 1 p.m. on Mondays and Wednesdays during the weeks of June 17 through July 17.

Abide by Red Cross rules at all times. These are listed on the bulletin board at the lake. No changing of clothing will be permitted in the park. All girls must wear bathing caps. This includes instructors.

No one will be permitted in the water if they have any cuts, scratches or rashes, or are wearing any band aids.

Because of the large number of children in the program, strict supervision must be maintained at all times, so it is important that all mothers participate actively in the program. Children will not be permitted to take lessons if the parent or responsible teenager does not help in the program.

The program is indebted to the number of teenagers who have volunteered their help. Any other adult or teenager interested in helping may call Mrs. Robrt Vargo, 232-0529.

Mrs. William Conant, a registered Red Cross instructor, will grade and pass all children in the various phases. Each child will be put into the group into which he passed last year. All new children will be tested individually for placement into proper phases. Even former members who were not in the program last year will have to be tested for their ability before being placed in their proper groups.

In case of stormy or very cold weather, the lessons will be cancelled for the day. These will be made up at a date to be announced later. If in doubt, you can call members of the committee to see if lessons will be held.

Infantryman

RECENTLY COMPLETING infantry training at Camp Lejeune, N. C. is Marine Private Robert Petti, son of Mr. and Mrs. William Petti, 15609 Alexander Road, Walton Hills. He is now in the second Marine Division at the same base. The Second Marine Division is the largest Marine Unit on the East Coast.

Inasmuch as the committee ran out of registration cards due to the unexpected large enrollment, all mothers who did not sign the regular registration cards must do so before the program begins. Mrs. Tom Sabo will have these cards ready for signatures the first day of the program. Also, anyone who registered children but did not pay dues to the Walton Hills Club will have to be turned away. The program is for paid-up members only.

There will be no lifeguard on duty on Mondays. Although Mrs. Conant is a qualified lifeguard, mothers will be responsible for their own children staying for swimming after the lessons are over.

Should there be any questions regarding Learn-to-Swim, call any of the following committee members: Mrs. Robert Vargo, 232-0529;

Mrs. James Maras, 232-8971; Mrs. Dan Knowles, 232-8539; Mrs. Stanley Czarnecki, 232-7588; Mrs. P. J. Elam, 232-9195 or Mrs. Tom Sabo, 232-3488.

Explorer Scouts

Lake Milton was the destination of the Explorers and their dates on June 30, accompanied by Mr. and Mrs. Ray Conelly and Howard Shay. A long and enjoyable day was spent in Shay's boat, water skiing, canoeing, swimming and relaxing on the beach. The explorers provided and served a picnic supper with some help from the girls. Everyone had a wonderful time and plans are now underway for a similar outing on July 21 at Portage Lakes.

The Explorers are getting in some baseball practice after their meetings and are hoping for a return game with the Men's Club later this summer.

Personals

A Canadian vacation complete with fishing, swimming and boating was taken by three Walton Hills families last week - Mr. and Mrs. Ed Eckert and children Louraine and Steven of South Meadow Park Drive, Mr. and Mrs. George Paajanen and children Neil and Kathy of Jefferson Drive and Mr. and Mrs. James Demarchi and sons Ken and Greg of Alexander Road. The spot chosen was Sandy Island in Lake Nippising, near Sturgeon Falls, Ontario.

Canada seems to be a popular vacation spot for Walton Hills residents. Mr. and Mrs. Al Spoto and children Arlen and Alan of Walton Road spent a week at Temagami, Ontario, fishing, boating and swimming. They also stopped at Niagara Falls and the Welland Canal. Alice's parents, Mr. and Mrs. Joseph Boing of Cuyahoga Heights, accompanied them.

Brian Johnson, son of Mr. and Mrs. Phil Johnson of Conelly Boulevard had a short, but wonderful three days in Columbus, recently. Brian visited with former Walton Hills residents, Mr. and Mrs. Jack Wells and children, David, Brian and Steven.

Mr. and Mrs. William Weisenberg and children Kathy, Patty and Susie of South Meadow Park Drive took a three-day trip to Detroit, to visit Mr. and Mrs. Walter Swiatkiewicz, parents of Mrs. Weisenberg. Upon their return home, they took another four-day trip to St. Louis, to visit Bill's aunt, Miss Winifred Downey. They also took in Forest Park Zoo, went swimming and visited the St. Louis Cathedral.

Hundreds of motels dot the countryside next to the exits, and the same goes for eating places. Many of the homes have "Tourists Rooms" signs hanging out, and accommodations range from the real deluxe class to the more modest type.

Way up in the hills between Breezewood and Bedford, Pa., there are small hotels, tourists cabins sporting a beautiful view of the mountains, and plenty of small restaurants and drive-ins.

And, of course, there is the thing that goes with automobiles, gas stations galore.

Judging by this, I expect that our town too will soon have applications for motels at the entranceways; and more eating places, too.

Gas stations have been jockeying for the past four years, to get the more select spots and by now most of the well known brands have representation.

By the time these things come to pass, I'm sure that all the studying on land use in the town by the Planning Commission will start paying dividends in some good spots for both motels and restaurants, plus some other commerce to keep pace of that tourist buck in BH.

This does pay off in various ways for the residents too. All of these facilities have to be manned, or womaned, and as things develop there will be more jobs for more people close to home.

Coming off the Pennsy Turnpike into Ohio, incidentally, I ran into a road survey which did an excellent job of slowing down traffic. They wanted to know where we had come from, where we were going, how long we had stayed, how much money we left in Pennsylvania and other comments.

My rather emphatic comment was that someone ought to check on the water content of the soft drinks sold in the various way stations along both turnpikes, since most everything in this line we paid for, tasted like faintly flavored water. Our young survey man said he would note this.

Incidentally, don't think that the

tourist business isn't a terrific thing. Almost any place where people gather there is some way that someone can figure out how to make a buck.

We stopped at Gettysburg, too, and I was amazed at the honky tonk which surrounds somethings so poignant in the memory of the country. Of course, the kids don't see history the way grown-ups do, and I suppose you must flavor up the picture with wax museums, halls of presidents and electric maps, fort so on and so forth, and amusement parks.

Anyway, Gettysburg was sure making its share of the tourist buck the day we were there and I must say that the public relations service on where to go and what to see is excellent.

One thing about a lot of those old Pennsylvania towns, you can go down street after street which doesn't look too different from how they must have a hundred years ago.

One last observation of the effect of turnpikes on adjacent territory. Everyplace we saw could stand another motel or another restaurant, and the new places didn't seem to be detracting from the old business. They just attracted more people.

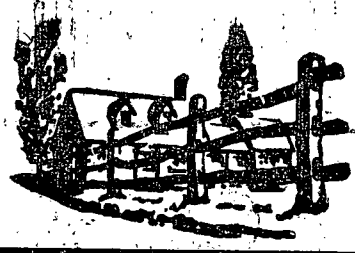

BH seems to be in advantageous position, since our cloverleaf will only be a mile or so from Southgate, and Northfield Road which should give our other businesses a shot in the arm too.

Anyway, BH seems to be a long way from dying on the vine and as I've said before: New industry, new commerce, and new homes, all in the proper sections will bring up the old tax duplicate and tend to keep taxes balanced or lowered, I hope.

Walton Hills Club

A month ago the club asked that members volunteer to run for the job of trustee next year. So far none has spoken up. The Walton Hills Club is run by 12 trustees who serve two years each. Six are elected each year in order to provide continuity in the maintenance and improvement program.

Especially needed is a chemist, chemical engineer or bacteriologist to be lake superintendent next year. Keeping the lake water in safe condition for swimming is one of the most important functions. Don Knowles, lake superintendent this year, has a B.A. in Chemistry from Upsala, and B. S. in Chemical Engineering from Newark College of Engineering.

Early in the season the club purchased some PH and chlorine testing equipment; twice a week water samples are also sent out for bacteria analysis. Don has done an excellent job in using the proper chemicals to maintain the lake.

Test results show the water to be as low as deep well drinking water in bacterial count. A daily log sheet, which can be inspected by any member, is kept.

There are many other jobs performed by the trustees which make use of wide variety of talents, and any member willing to spend some time and effort could be valuable as a club trustee. Therefore there is a request now for volunteers while there is time to get acquainted with some details while the current trustees are working.

Up to date, there are 187 members enjoying the lake privileges. It is not too late to join yet. There are quite a few social affairs and you have to be a member to be able to participate. Send your check to treasurer Mrs. Joseph

Mazzone, 18575 Carmany Drive.

A tip to all members; be sure to display your tags at all times while at the lake.

Club members entertain Hawthornden patients in Cottage 6 the second Tuesday of each month. Mrs. Mitchell Cindric, chairman, has asked for old purses, jewelry, cologne, scarves or handkerchiefs. These may be left at her home at 19204 Alexander Road, or brought to the Women's Club meetings. Patients have very little in the way of personal possessions and these things mean a great deal to them.

Mrs. Ed Yurichak, a member of long standing is taking charge of the Senior Girl Scout troop, while Mrs. Michael Stasko will be in charge of the cadet troop of Girl Scouts.

The Combined Charities, a sponsorship of the Women's Club, is in need of about five workers. Anyone who can volunteer to collect please call Mrs. Walter Fifer, co-chairman for the Oct. 1-17 drive and give her your name. Workers

will be required to attend no meetings, simply collect from ten or fewer residents, total their donations and turn in their money to Mrs. Yurichak, bookkeeper.

Opening the 1963-64 program series for the Walton Hills Women's Club Sept. 25 is Don M. Hisaka, architect, whose subject is "Impressions of Japan."

Hisaka was born in Stockton, Calif., and received his education at the University of California and Harvard University. In 1957-58 he received the Wheelwright Traveling Research Fellowship from Harvard, as well as a Fullbright Fellowship, which enabled him to spend that year studying and travelling throughout the world.

During this time he photographed some of the fine architecture of the world, as well as many representative gardens especially those in Japan.

Hisaka will show a selection of films of the famous gardens of Japan and the world.

Following the program there will be a social hour, and Mrs. John Kocsis, refreshment chairman, has chosen the Japanese theme for her table decorations and refreshments.

Mrs. Tom Young, treasurer, suggests that yearly dues of \$5 may be paid prior to the 8 p.m. meeting, or by mailing them to her at 16575 Egbert Road. All ladies of the village are heartily welcomed to this meeting.

The exciting open stake bend class was won by Joan Kristenak with W. Farrar, second and Kathy Mills, third. Jim Farrar riding Shawnee was the winner of the flag race.

A group ride will be planned for Sunday, Oct. 6.

This and that: Pam McDonald left Sept. 9 for Stephens College, Columbia, Mo. Sandy Mathieson will soon be headed back to Miami U. The Metropolitan Horse Association show which will be held Sunday, Sept. 22 beginning promptly at 11 a.m. at the Polo Field, Route 87 and River Road.

Nursery School

Officers for the year 1963-1964 are as follows: president - Mrs. James Maras; vice-president - Mrs. Robert Orth; secretary - Mrs. Edward Thellman; treasurer - Mrs. Frank Toth; program - Mrs. Robert Kainsinger; supplies - Mrs. Frank Law; refreshments - Mrs. Ray Brenner; ways and means - Mrs. Gordon Parnell.

A child's world of work is in the form of play, so the nursery school children have begun their "job." A successful first experience with a group of children is most important. With small groups, and plenty of time, the nursery school is usually able to get the child off to a good start for the many group experiences he needs and will be having. Going off to kindergarten is usually a pleasant experience after nursery school background.

The children and mothers will be getting used to routines, new equipment, and making new friends in the next few weeks.

Combined Charities

Organization of the Combined Charities Drive for 1963 has been underway throughout the summer. Mrs. Walter Fifer is serving as co-chairman and will replace Mrs. John Possehl as general chairman in 1964.

Section chairmen for this year are Mrs. William Schrantz, Mrs. Ted Ostrowski, Mrs. Clem Engel, Mrs. Ronald Keller, Mrs. Mitchell Cindric and Mrs. Donald Knowles. They are busy completing their staff of co-chairmen and workers.

In the next few weeks, a complete list of chairmen and workers will be printed to alert residents to anticipate a telephone call from one of these workers. Workers will telephone and make appointments for donations. As in the past, donations may be made by check or cash.

Mrs. Fifer and Mrs. Possehl met with officials of the United Appeal in July at Cleveland headquarters to better acquaint themselves with procedures.

Of interest to everyone is the method used for arriving at our goal. A list of "casualties" is compiled; these are residents who have moved away or died. Their last year's donations are totalled and subtracted from last year's donation from the village.

In Cleveland each year welfare agencies which are financed through the United Appeal set their goal according to need. If the combined goals of these agencies exceeds last year's goal then the same percentage of increase for Cleveland is added to the new base amount for the village.

This year approximately 6 per cent will be added to our new base amount. We have lost eight contributors this year but gained about 30 new families. If we all give as generously this year as last we should achieve our goal.

Men's Club

All men interested in playing in the Men's Club annual golf tournament can sign up with any of the following committee members: Ed Kohn, 232-3070; Joe Pekar, 232-0434; Jack Laing, 232-2686 or Tony Struna, 232-5542.

The golf outing will be held at Pine Valley Golf Course, Saturday, Sept. 21. Entry fee is \$7. The awards will be honored at the Oct. 7 dinner meeting. Entry fee entitles bearer to this dinner meeting. Regular tickets for the dinner will be available in September for \$3.

Combined Charities

Once upon a time a small village by the name of Walton Hills, found charity collecting to be a problem. With a village so small, the same people were going out month after month to do the same thing—ask for money for a charity. The problem got so acute that the residents did not answer their doorbells by the time the month of May and June came around after a steady drain at the door since September.

In 1957, the first Combined Charities drive (for all charities for the year) in Walton Hills was held. It was sponsored by the Walton Hills Women's Club, and supported by the Men's Club, the Village Council, and the Walton Hills Club. The drive was a success, and many residents were most thankful to have this problem solved.

The yearly drive will be coming along—Oct. 1-17 this year. Mrs. John Possehl and Mrs. Walter Fifer are co-chairmen and are busy with the necessary ground work to get such a drive under way.

How much would you give to each charity if it came knocking at your door monthly or individually? Total that, and add a little extra for good measure when your worker calls on you during the first two weeks of October.

All charities have been invited to join the yearly drive. The following charities are included in the 1963 drive: (you may make one check out to the Walton Hills Combined Charities, but designate to where you wish your money to go) United Appeal Community Chest, Red Cross and Cerebral Palsy; United Health Fund — Muscular Dystrophy, Crippled Children, Kidney Disease, Arthritis and Rheumatism Foundation, Cystic Fibrosis and Diabetes; Cleveland Foundation for disbursement to: Heart Research, Cancer Research.

Rangers

The Rangers will hold their second show at Hawthornden Hospital this season Sunday, Sept. 8 beginning at 1:30 p. m. A well known local horseman, Howard Carey of Walton Hills, will judge the seven classes to be presented. The public is invited to attend. Entries are limited to club members.

Several Rangers have been showing successfully at outside shows this season. Sassy Pants ridden by Lynn Pocha won the trophy for

trail horse and Joan Kristenak on Buttercup won stake bend at the Burton horse show. Mary Kirkcaldy won a blue ribbon for horsemanship at the Berea County Fair and Pat Celmer placed third in 4H Horsemanship at the Hudson-Kawans show on Aug. 24.

Women's Club

The Dellwood Park Pavilion will be the scene of a Friendship Tea, sponsored by the Walton Hills Women's Club, Wednesday, Sept. 13, from 1:30 to 3:30 p. m.

A cordial invitation to attend is extended to all ladies of the village so they may become better acquainted with each other.

A large number of new residents have moved into the village during the past year, and it is the club's sincere hope that these ladies will attend the first social gathering in order to meet each other and to learn about the various organizations which flourish here.

Former members are especially urged to attend, both to help greet new neighbors and to learn about expanded club activities.

Children are welcome to accompany their mothers to Dellwood Park, as the playground will be well supervised during the time of the tea.

Walton Hills Women's Club is both social and civic minded. It sponsors Brownie and Girl Scout units, as well as a Cooperative Nursery School. It gives a scholarship to an outstanding senior girl who resides in Walton Hills, and for the past few years, a scholarship to a deserving local boy. The Women's Club set up the present Combined Charities Drive in order to coordinate and simplify support of area health and service organizations.

For several years, members have been visiting Hawthornden State Hospital one evening a month to entertain and serve refreshments to a cottage. It participates in various other service activities, as needed in the village.

Monthly meetings, usually held the fourth Wednesday at the Village Hall, aim to both entertain and educate, and are well attended. Highlights of the social year are the Halloween and Christmas parties, with the year climaxed by a lovely installation dinner.

Once again, ladies of all ages and interests are invited to the Friendship Tea. Please do not hesitate to ask for transportation if it is needed, and call Mrs. Joseph Klukan, 232-3775 or Mrs. Ed Fedor, 32-1040.

The officers who will be in the receiving line are as follows: president, Mrs. Ben Pace; vice-president, Mrs. Donald Ralsten; secretary, Mrs. John Possehl and Treasurer, Mrs. Tom Young.

Representatives from the following organizations will be in attendance: Walton Hills Club, Walton Hills Men's Club, Girl Scouts, Boy Scouts, Nursery School, Rangers, Teen Club, Combined Charities, Chamber of Commerce, Bookmobile, Glendale P.T.A., Moody P.T.A., Bedford High P.T.A., St. Mary's P.T.U., Chanel, Civil Defense, Bowling League, YMCA-YWCA, and Golf League.

The slurry seal has been completed on Shaver Drive. This seal will help prevent the water from penetrating into the road and keep the road from cracking up. Additional work will be done as needed as has been done on all streets in the village.

Pigtail Team

The Pigtail team concluded its 1963 season by downing winless Carywood, 11 to 1. The season record of seven wins and three defeats placed the Walton Hills team as second round champs.

Wednesday, Aug. 21, the young ladies of the team challenge their mothers to a soft-ball game. This proved to be a mistake for the mothers howed that age had nothing to do with softball and defeated the pigtailers.

After the game, a Mother-Daughter picnic was given. Following dinner, trophies were presented to each member of the championship team.

Members receiving trophies were: Debbie Hladky, Mary Siwila, Anna Marie Fisher, Pat Kohn, Cathy Kohn, Anita Cook, Suzy Sprague, Nancy Mathieson, Bonnie Johnson, Sue Gritzer, Laurie Greitzer, Janet Drabik, Linda Lautanen, Kathy Yurichak, Judy Czarnacki, Dianne Brown, Janet Vargo, Christine Paprone, Ann Marie Scimone, Edeena Sarnecki, Connie Hack, Marsha Means, Dianne Mazzone, Darlene Gladstone and coach Sharon Hackbart.

Southgate's Mayfair Room. Wonderful colors, styles and fabrics were modeled by some professional models and five Walton Hills ladies—Mrs. Charles McNamee, Mrs. William Wiese, Mrs. Garen Keiley, Mrs. Ted Ostrowski and Mrs. Gordon Parnell.

Reminder that on Oct 29 and 30 the Chest X-Ray Mobile Unit will be at the village hall from 1 to 6 p.m.

Mrs. Mitchell Cindric, Hawthornden chairman, asks for old jewelry, purses, and odd hankies and the odd versed birthday cards you are not sure whom to send to. These cards and hankies will be given to the cottage patients. The ladies visit Hawthornden every second Tuesday of the month. Bring all odds and ends to club meeting or leave them at Mrs. Cindric's house at 19204 Alexander Road.

A Halloween Hootenanny will be served up Walton Hills style Oct 23 at 8 p.m. at the village hall by the Women's Club.

You may choose to wear traditional Halloween costumes, country clothes from the United States or folk costumes from other countries. Masks will be required.

Folk singer, Ann Batman, will lead the Hootenanny, using a 100-year-old German guitar, of which she is very proud. Ann is well known in music circles, both for her folk singing and her more serious classical voice recitals. She has appeared as soprano soloist at Old Stone Church for six years, has frequently been soloist for the Messiah, and is a piano teacher in South Euclid.

Also featured on the program will be an odd assortment of musical (?) numbers—a fiddler, a "comb" quartet, an unidentified female vocalists, and many others.

All ladies of the village are invited to attend, whether or not they are members of the Women's Club.

They picked apples at Mrs. Sterling Walton's and made applesauce and had it for refreshment time one day. The nice weather has been most wonderful for sand play and other play on the nursery school playground.

EGBERT BRIDGE DEATH TRAP

Walton Hills Echo

5-1965

Wide enough to accommodate one car safely, the bridge located in Bedford, Ohio on the north end of Egbert Road has been a subject of controversy for many years. The bridge has a sharp rise on each side which makes it almost impossible to see oncoming traffic. Thus autos meeting at the center of the bridge from opposite directions are in immediate danger of a collision.

The increase in Walton Hills population, construction of S. K. Wellman in Bedford and the Shawnee Golf Course have all contributed to the traffic burden that the bridge must carry. Yet, the antiquated bridge stands in its original shape and form.

The bridge was constructed in 1900 as a temporary crossover by the Pennsylvania Railroad. Since then, many attempts have been made to abolish the old bridge and construct one that would accommodate the traffic and eliminate the hazards. Unfortunately, the county, the City of Bedford and the railroad are unable to reach a mutual agreement.

The City of Bedford feels that the bridge is benefiting Walton Hills, The Metropolitan Park and the County more than it is Bedford. Thus the Bedford officials turned down a proposal whereby Bedford would absorb \$175,000 of the \$750,000 cost to replace the present structure with a new one.

In a Kiwanis Project undertaken two years ago, in which officials from Bedford, Walton Hills, Bedford School Board, Metropolitan Park and S. K. Wellman participated, all agreed unanimously that the bridge was a death trap and should be eliminated.

The County of Cuyahoga prepared plans for a new bridge. It was to be constructed just west of its present location on Metropolitan property. All curves in the immediate area of the bridge were to be eliminated. Total cost was approximately \$750,000.00.

The County and the Metropolitan Park were to take up the bulk of this tab, \$575,000, and Bedford \$175,000. However, Bedford offered to contribute \$42,000. The railroad was not to be taxed for the project. Walton Hills was asked to share in the project, but since the site is not within the village proper, no contribution could be made.

As the matter stands, the bridge is scheduled for replacement in the year of 1969.

FILE TODAY FOR WATER—TAP-IN PERMIT

Residents of Alexander, Egbert and North Meadowpark Roads have until February 1, 1965, to file their applications to tap into the new water mains.

Applications available at the Village Hall must be submitted in duplicate and a check to cover the application costs must accompany the application. Application fee for a 3/4 in. tap in is \$9.00, a 1 in. tap will cost the applicant \$16.00. Your check for the application fee should be made out to the order of "The Village of Walton Hills."

The cooperation of residents of Alexander, N. Meadowpark and Egbert is urgently requested in order to assist the Village to expedite installation in an efficient and economical manner. Residents who do not submit their application by Feb. 1st may be faced with paying for their own tap-in charges plus the expense of burrowing under the road if the resident resides on the opposite side of the street from the water line.

In order to obtain the most economical figure for the necessary tap-in, digging and burrowing, the excavation must be carried out in one continuous program and not broken down to one or two residents at a time.

The only requirement necessary to meet the Feb. 1st deadline is that an application be filed and accompanied by a check.

Costs for the water-meter may be sent in with your application if the applicant so desires. Payment for the water-meter must be made out to the order of "The City of Cleveland".

In the event one does not wish to pay for the water meter at the time he applies for the tap-in permit, then that person at a later date will have to go directly to the City of Cleveland and pay for the water meter. In other words, by paying for the water meter before Feb. 1, 1965, residents will save themselves the trouble of going directly to the City of Cleveland since our Village will handle the direct payment for you.

For Example:

(1) "A" wanted to apply for the tap-in only and not for the water meter. "A" should send a check payable to the Village of Walton Hills along with his application in duplicate. At a later date the resident can call or go to the Cleveland Water Department and arrange for his own water meter payment.

(2) "B" wanted to apply for the tap-in and also wanted to pay now for his water meter. "B" should send his application along with his check to cover the fee payable to the Village of Walton Hills. At the same time, the resident should send in a check payable to the City of Cleveland covering the cost of the Water meter of his choice. Bear in mind the cost of the water meter is dependent upon the size of the meter used.

If your house is located more than 300 feet from the street or if you are desirous of tapping in with a line larger than 3/4 in., call the village hall for specific instructions.

Village Clerk Merle Bement informed the Echo that to-date approximately 50 homes out of a potential 150 have filed their application for water service. Don't delay - Do it now. It may mean a savings between \$50 to \$125.

WALTON HILLS POLICE CAPTURE ARMED ROBBERS

W. H. Echo 1-1965

In true television "cops and robbers" style, the Walton Hills Police Department has participated in two armed robbery captures within a span of two weeks.

On December 9, 1964, at about 11:20 P. M., Officer Mardigan was on a routine patrol on Northfield Road. Suddenly he noted the gas station attendant running out towards his car. The attendant reported that he had been held up at knife-point by two men.

Robert Durst, the station attendant, reported \$207 in cash and a \$10 check was taken. The robbers had cut the telephone lines, thus crippling the attendant's communication with the police. Officer Mardigan along with Officer Keller were unable to locate the robbers.

Fifteen days later on December 19, 1964, at about 1:15 A. M., Patrolman Edward Bahensky and Fuerst were patrolling the village. A radio message was received by the officers reporting a robbery at the K-Way Service Station. Within minutes the patrol car was at the station. Bob Durst, the same attendant robbed on December 9th, reported that the same man had robbed him again with a butcher knife. Durst further stated that the man was on foot and was a negro.

The thief had taken a route behind the gas station towards Oakwood Village. Total loot taken was approximately \$45.00. Officer Bahensky started to follow the thief's route when he was joined by an Oakwood Policeman who had come upon the scene to assist. On North Street, Bahensky noted several footprints leading to a home. Bahensky suggested they check at the house.

Inquiry at the house bore fruit since one of the occupants furnished the police with a description of a 1957 Ford with one light missing in front and in back. A pick-up for the 1957 Ford was broadcasted over the police radio.

Fifteen minutes after the broadcast, the Twinsburg Police notified the Oakwood Department that they had the car and the occupants. The three officers along with the attendant went to Twinsburg for identification. Durst immediately pointed to one of the men as being the robber.

The suspects were taken into custody and taken to the Walton Hills Station. There a search disclosed that one of the men had money concealed in his shoes.

On Friday, December 4, 1964, Edward Bahensky assisted in the capture of two men who were suspected of robbing a Lawson Food Store in Oakwood. Intelligent police work on the part of the Oakwood police resulted in finding the suspects.

Village Celebrates Walton Hills Day

EXPLOSIVE DAY AT WALTON HILLS PARK

The booming of the firecrackers had hardly stopped when voices were heard to say, "It sure was a wonderful day," "Gee, weren't the fireworks real gone!" "They sure did a wonderful job" (meaning the trustees) and "Boy, am I tired".

The previous evening rains looked like it might wash out all festivities, but early afternoon brought out the sun and from then on it was all fun, fun, fun. Much credit goes to **President Ed Kohn** and trustees **Bill Toth, Georgia Pace, Don Smith, Bill Deaks** and all those not mentioned, plus all the helpers. Let's give these people a big hand. They certainly deserve it.

Youngsters and adults from Walton Hills made their way to Delwood Park on Sunday, July 19th, to participate in one of the biggest community events held in the village this year. The park took on a festive atmosphere as participants munched on sandwiches and sipped soft drinks sold at the park.

At 1:30 P.M., the girl scouts and boy scouts commenced the day's activities by joining together in a flag raising ceremony. Immediately thereafter, the Walton Hills Rangers entertained the spectators for approximately one hour or more with a display of horsemanship, talent and showmanship. The horsemanship was held on Diamond 3. The Rangers gave a performance that delighted young and old alike.

Highlighting the sports activities was a unique baseball game held between the men of the village. The ball game did not follow the rules of baseball since the base runner, upon arriving at first base, was presented with a whole watermelon. The runner had to carry the melon with him as he ran the bases. If he was successful in reaching home plate without dropping the melon, then the melon became the property of that individual's team.

Food and soft drinks were available to satisfy the best of appetites. The nursery school women operated the food concession. The Teen Club had complete charge of dispensing liquid refreshments.

The youngsters were kept occupied with games and races. Climaxing the day was a dance held at the pavillion between 8 to 10 P.M. Music was live directly from Delwood Park in Walton Hills, Ohio.

SAFETY DAY PROGRAM AT DELWOOD

On August 14th at 7:30 P.M., Chief Miller of the Bedford Fire Dept will demonstrate the various fire fighting methods used by the department in combating an actual fire. Fire fighting equipment will be displayed and a discussion on Home Fire Prevention will be held at the park.

The Safety Program will commence at 2 P.M. at Delwood Park. Officer Ron Keller will speak on public relations between the Police Department and boys and girls.

At 3 P. M., Chief Frank Simoni will speak on bicycle safety. A bicycle inspection will be held along with an ability test for bike riders.

WH Mayor Young Faces Tough Fight

9-30-1965

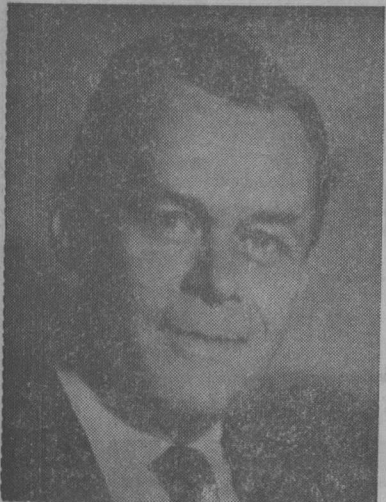

Bedford Times Register

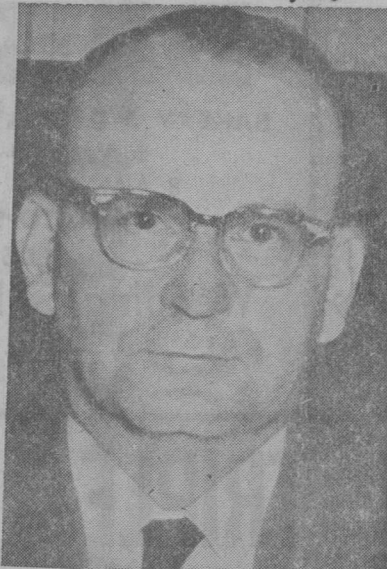

JOSEPH P. PIDALA

Thirteen is considered an unlucky number, and that it will be for six of the 13 who have filed petitions for public office in Walton Hills.

Incumbent Mayor Thomas G. Young, in office for eight years and a councilman for another six, is facing stiff competition from Jo-

ERHARD ECKERT

THOMAS G. YOUNG

seph P. Pidala, local attorney. Young and Pidala are practically neighbors, as the former lives at 16575 Egbert Road and the latter at 17605 Egbert.

Young is a self employed food broker. He is married and has six children. A 24-year resident of

RAYMOND J. BORCZ

BEN PACE

the community, Young is active in the Boy Scouts, Ohio Citizens Council for Health and Welfare, Citizens Committee for Better Schools and is secretary of the Advisory Board of the Cuyahoga County Board of Health.

Pidala, a village resident for nine years, is the founder, publisher and editor of the Walton Hills Echo. A member of Walton Hills Estate Club, Men's Club Cleveland, Cuyahoga and Ohio State Bar Associations, Pidala is married and has four children.

Young's goals would be corrections in zoning and pollution. Pidala promises fair representation and more taxpayer involvement in government decisions.

Four councilmen are up for reelection. The senior member of this group is Ben Pace, who has served two terms, one for two years one for four. Pace is a personnel director for Lemppo Products, Inc. He lives at 17836 South Meadowpark Drive, is married and the father of two children. He founded Walton Hills Citizens League, has

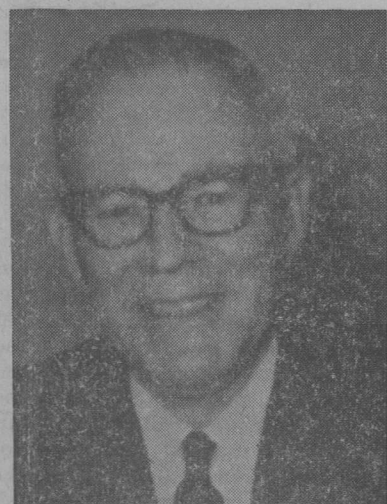

ALBERT A. ARTERS

been chairman of the Walton Hills Community Development Board since April, 1964 and belongs to the Mens Club. Pace says "I run on my record of being a progressive, aggressive, independent and outspoken councilman, who has been willing to take time to try and do a good job. My platform is more of the same."

The other three incumbents were appointed to fill unexpired terms. Erhard Eckert, in office since 1962, is married and has two children. Manager of the claim department at O. J. Lange & Company, he lives at 17608 South Meadowpark Drive. Among other organizations, Eckert belongs to the Citizen League of Greater Cleveland, the Men's Club, National and Greater Cleveland Safety Council and the Walton Hills Club. "The future holds many problems for our village and I feel they can be met. With my background and experience, I will be able to cope with and help resolve them," he stated.

Walter M. Featherstun was appointed to council in 1963. He is

WALTER M. FEATHERSTUN

married, has three children and lives at 18680 Orchard Hill Drive. Featherstun is active in Boy Scouting, Men's Club, Walton Hills Club and the Telephone Pioneers of America. A general agent for the Ohio Bell Telephone Company, he feels that utilization of Dellwood Park would be more sensible than constructing a new village hall. "The police department should be staffed with well-trained and well-paid personnel," Featherstun added.

A chemist employed by the Sherwin Williams Company, Albert A. Arters lives at 16152 Egbert Road with his wife and four children. Prior to his appointment, he had been on the Planning and Zoning Commission for one year. He is also active in the Citizens League, Little League, Walton Hills Club,

ARTHUR F. KOMOROWSKI

Men's Club and PTA. Arters proposes a Joint Pollution Control Board to seek out pollution sources and work to curb them, increased zoning vigilance and continuation of the road program.

The only female in the council race is Mrs. Mary T. Hovan, 18320 Fern Lane, a five year resident and the mother of three children. She is self-employed as a promotional writer and belongs to the Citizens League, Women's Club, Walton Hills Club and the Co-op Nursery. "I am seeking a council seat so that I may continue to serve our community even more efficiently than I have in an unofficial capacity. Our little village

MARY T. HOVAN

has a great future and a great need for constructive government," Mrs. Hovan stated.

Raymond J. Borcz, 18339 Jefferson Drive, a four year resident, is seeking office. "to present at council a new, different and unbiased opinion and possible solution to the problems facing the progress of our village. These opinions would be closely related to and concerned with the best interests and desires of the residents. "A member of the Walton Hills Club and Lambda Total Delta fraternity, Borcz is an electrical designer at Ford Motor Company. He is married and the father of four children.

Hills Mayoral Candidates Speak Out On Issues

Mayor Thomas G. Young's platform is:

Any candidate running for reelection to any office can only and should only, be judged on his record.

The progress and accomplishments that have been made in Walton Hills since its incorporation in 1951, have been the result of many devoted civic minded citizens working as a team.

As Mayor, I have endeavored to represent all of the citizens of our community, on an equal and impartial basis.

During my tenure in office, I have administered your village affairs honestly, and as economically as possible.

Some of the highlights of accomplishments are as follows; village roads have been maintained, built up and paved, entirely out of street construction and general funds, without any special assessments. Roads constructed in newer allotments, have been built under village supervision, and more rigid specifications, and should be paved in the near future.

Walton Hills has an excellent reputation for its speedy snow removal, and ice control in winter months.

Excellent police and fire protection for Walton Hills is provided by a nine man police force, well-trained and equipped, and fire protection provided by contract with

A well rounded, well staffed recreation program has been provided on village owned property, consisting of three baseball diamonds, the city of Bedford and Oakwood, two tennis courts, shelter building, and playground equipment, all of which has been accomplished during my terms as Mayor.

This entire program has been financed out of general funds. No special levies or Bond issues necessary.

City of Cleveland water is now a reality in Walton Hills. It would take thousands of words to fully reveal the effort it has taken to bring city water to Walton Hills at a cost we can cope with, but this tremendous project is now nearing completion. I believe this is my greatest accomplishment as your mayor.

I believe my past record has shown that I have been able to cope with the problems at hand, and to carry out a program to effect solutions to problems, and to prevent some of the foreseeable ones.

I feel two of the most important problems that face our village today are, the maintaining of our present zoning, and stream and air pollution.

I have always been adamantly opposed to any reduction in our present zoning requirements, and have been successful in preventing small sized lot development, and defending our right to maintain the type of community we set out to build.

Steps have been taken to correct existing pollution problems, and some improvement is already in evidence. The problem of pollution, is usually man made, and world wide, and not easily solved. For this reason, it should not be avoided.

I pledge to continue to oppose reduction of lot sizes, and effect measures to correct and prevent pollution problems.

Joseph Pidala's platform is:

1. In the past several years our villagers have not been receiving fair representation from the present administration. During this time, as editor and founder of the Walton Hills Echo, village newspaper, I have been highly critical of our present administration because of this factor. If elected, I shall rectify this condition.

2. I represented the people in opposition to the village hall structure and opposed the present administration when they attempted to deny the people the right to vote on the proposed construction. We were successful in placing the village hall issue on the ballot which was overwhelmingly defeated in May 1965, election.

3. Our people are presently over-taxed. Unlike the present administration, I will not try to force a \$340,000 village hall (to serve 2,000 people) upon them.

4. I will give people of Walton Hills the right to voice their opinion in the government. I will not deny them the privilege of voting on a project that is of such magnitude that it directly effects their finances.

5. I will give the people the benefit of new and constructive ideas with a foresight into our future needs; for example: In 1961, I recommended a city water system without sewers. As a result, Walton Hills now enjoys fresh city water.

6. I intend to establish a small complaint committee composed of taxpayers who reside within our area. Any and all complaints registered by the citizens will be submitted to the committee to be acted upon and every complaint shall be answered in writing.

7. I propose to protect the rights of our village against governmental establishments which will become an eye sore to our residential area and which will reduce real estate evaluation.

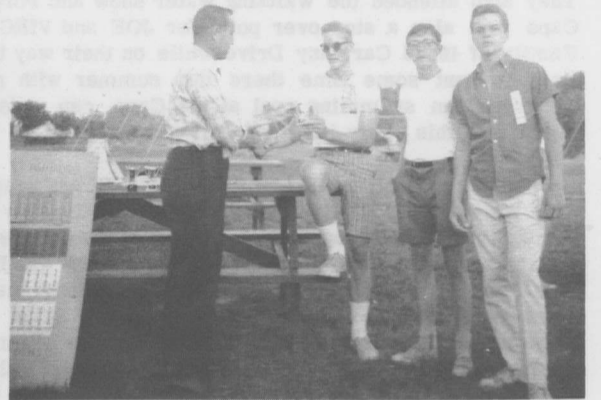

8. I propose to protect our villager's rights in accordance with the zoning laws, against any expansions, industrial and otherwise, that will adversely affect residents living near or around that particular area.

9. I shall keep the people fully informed with truthful and complete periodic reports setting forth all important issues that directly effect the taxpayers.

10. I do not believe in a monopoly type of government. I promise to give the village of Walton Hills back to the people where it rightfully belongs.

THE WALTON HILLS CITIZENS LEAGUE

The local Citizens League was organized late in 1963 by a group of Villagers who believe that everyone should be interested in - and can contribute to - good government. All adult Village residents are eligible for membership (very nominal annual dues). Most of the work of the League is done by small committees, which study various civic issues. Important problems are discussed in depth in a non-partisan manner in general meetings. We believe that the ultimate success of a democracy depends upon an informed, intelligent and responsible electorate. Meetings: See the OWL for meeting announcements.

MODERN PIONEER—Formerly a city dweller, Mrs. Dzikowski finds country life “refreshing” and the labor of building a house “rewarding.” Their rustic home has paneled walls and reinforced 30-foot-long ceiling beams hewn from utility poles. Window wall in the dining room overlooks a wooded ravine.

Voland Press, Saturday, April 12, 1969

A Home Hewn by Hand

By SANDY FELDHAUSEN

Mr. and Mrs. Hank Dzikowski have a good pole-ish story to tell. It's about their rustic house at 7135 Dunham Rd., Walton Hills. The house was built with utility poles.

“We got the idea many years ago when a utility pole in front of our house was struck by lightning. When the crew came to haul it away we asked them for it, and my husband built a fence,” says Mrs. Dzikowski. “It worked so well, we decided it might be a good way to build a house.”

So six years ago they built a house. Actual construction, done entirely by the Dzikowskis, their friends and relatives, took only ten months. But the preparation took much longer.

“I don't know how long we spent looking for poles. Every time we saw a crew replacing a pole we'd stop and ask them for the old one. I'm sure they thought we were crazy,” laughs Mrs. Dzikowski.

DZICKOWSKI SPENT TWO YEARS converting the round poles into square beams. He started by reading histories of American settlers and their techniques for building log cabins. Then he fashioned a tool like those used by the early

settlers for splitting the logs. After the beams were finished, he split the stumps of the poles into shingles for the home's exterior.

Built log cabin-style, the home's outside walls are 10 to 12 inches thick (the “logs” themselves are seven inches thick). The reinforced 30-foot beams crossing the ceilings provide support and eliminate the need for interior bearing walls. (“We could move any of the partitions in the house,” says Mrs. Dzikowski.)

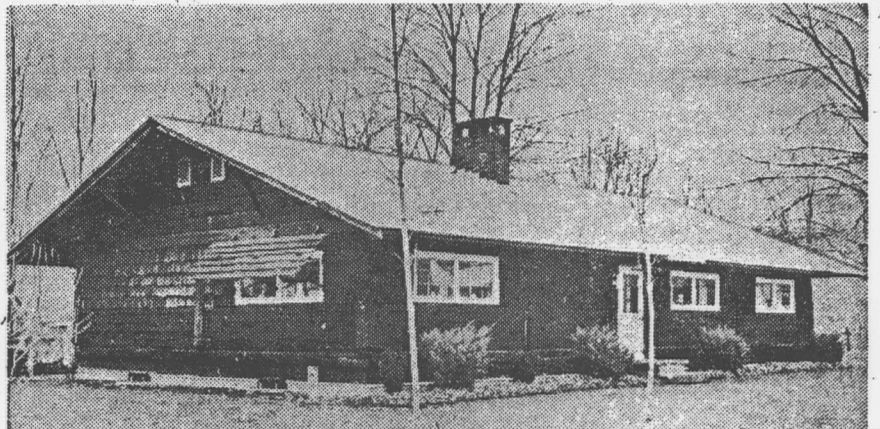

The stone fireplace wall in the living room was built of rocks that the children carried from the creek behind the house. The back of the wall, made of reclaimed brick, helps to create a foyer. Fireplace mantle was fashioned, of course, from a utility pole.

What inspires a mailman and his family to leave the city to become latter-day pioneers? A sense of adventure is certainly part of it. But there was more.

“We wanted a new home, but with five children we could never buy a new house at today's prices,” says Mrs. Dzikowski. “Besides, in spite of all the hard work, it's a good feeling to look around and know that we did all this ourselves.”

20TH CENTURY CABIN—Utility poles, collected for several years and hand-hewn by Hank Dzikowski, are the basis for the family home at 7135 Dunham Rd., Walton Hills. The Dzikowskis and their friends built the house in 10 months. The log cabin-style walls are 12 inches thick.

THE WHITE HOUSE

WASHINGTON

May 21, 1976

We now mark the beginning of our Third Century as an Independent Nation as well as the 200th Anniversary of the American Revolution. For two centuries our Nation has grown, changed and flourished. A diverse people, drawn from all corners of the earth, have joined together to fulfill the promise of democracy.

America's Bicentennial is rich in history and in the promise and potential of the years that lie ahead. It is about the events of our past, our achievements, our traditions, our diversity, our freedoms, our form of government and our continuing commitment to a better life for all Americans. The Bicentennial offers each of us the opportunity to join with our fellow citizens in honoring the past and preparing for the future in communities across the Nation. Thus, in joining together as races, nationalities, and individuals, we also retain and strengthen our traditions, background and personal freedom.

As we lay the cornerstone of America's Third Century, I commend the officials and citizens of the Village of Walton Hills, Ohio on their Bicentennial activities. Efforts such as this are helping to make our great national celebration a memorable and meaningful one for all.
