

VILLAGE OF
**WALTON
 HILLS**
 WORK. PLAY. LIVE.

Journal

Dear Neighbors and Friends,

February looks to be another promising month for Walton Hills as we have already passed our annual operating budget for 2016. The last few years, we have been very proactive in passing our budgets in December; we accomplish this two to three months in advance before any deadlines become an issue for our Village. We always propose a very conservative budget and review it as the year progresses. During the last five years, we have "lived" within our proposed budgets while making any necessary adjustments in December.

Most communities, including our Village in the past administration, only pass a small portion of their budget to last until the state mandated deadlines approach. When operating in this way, most communities realize that when the First Quarter passes, reducing community operations becomes much harder on everyone, including those who draft the budget and the employees of each community. When deadlines approach, communities often times become reliant on scrambling for tax increases or incurring more debt, or even reducing services.

All of this is now avoided by our Village because we propose a yearly budget. After the proposal, we review and discuss it and

then we "live" within the final budget that has been agreed upon. We have been very successful in this process. As our community continues to have an open line of communication with all of our businesses, we will continue to explore new possibilities to grow our Village. We can also find success when we invest in relationships with other communities. Walton Hills is moving in a positive direction!

An example of moving in a positive direction: our community has agreed to hire a new Law Solicitor for the Village of Walton Hills. With a unanimous vote of 6 to 0, we have all agreed to give William D. Mason a two year contract to provide our Village with the services of Law Solicitor. Mr. Mason served as our Prosecuting Attorney for Cuyahoga County from 1999 until 2012. He was also the Law Solicitor for the City of Parma from 1993-1999.

We have agreed that with all of the attention that was derived from the forming of the new Joint Economic Development District (J.E.D.D.) with Sagamore Hills Township, and the collaboration of the four communities and two counties involved in the Sagamore Road Project, our Village has gained a lot of attention. We have also gained a lot of recognition from many state and county officials as the place to watch for a large projection of growth in the next few years. We feel that we need to be prepared to address those issues as they move forward and we want to continue to build our future with strong relationships and great talent to benefit Walton Hills.

Please remember, we move forward as a team and then we win as a team. We have been blessed to have so many favorable circumstances to continue to be positive and focus on what is best for everyone; we will always look towards the long term growth of our community. May God Bless our Village!

Sincerely serving you,

Kevin Hurst

A Message from Our Veterans' Liaison

Abby Frejofsky, Walton Hills Veterans' Liaison + 440.232.1313 + AbbyF@waltonhillsohio.gov

Recently, the Council Chambers at the Village Hall got a bit of a makeover. The Village wanted to recognize the men and women of Walton Hills who have served our country in the armed forces. You'll notice five seals representing each branch of the military along with a framed listing of men and women from Walton Hills who have served our country. The list includes current residents along with the names of those who grew up in Walton Hills. You can stop by the Village Hall to take a look at the new addition. If you are a veteran and would like to add your name or the name of a former or current resident to the listing, please contact the Village Hall.

Important Reminders for 2015 Annual Tax Return Filers

The Village is incorporating two major changes for 2015. First, it is requiring everyone to file, including retired individuals. Second, if an individual files a federal return, the first page of the 1040/1040A/1040EZ Form should accompany the local return whether the person is retired or not.

The main purpose for requiring a copy of the first page of the 1040 Form is to assure that what is being reported to the Federal government is being reported to the Village. The Village does have access to residents' federal filing information, but must utilize the City of Cleveland's Central Collection Agency to perform those duties.

The Village also wants to assure that it accounts for everyone living and residing in the Village and therefore is requiring everyone over 18 years of age to file. The Village has created a simple form for a retiree to sign and attach page one of their 1040 Form if one is filed. The form should only be signed if the retired or disabled individual did not work in 2015 and did not have or receive any of the following:

- W-2 earnings statement
- Any gambling or lottery winnings
- A shareholder/partnership distribution (Federal Form K-1)
- Any net profit business income
- Ownership of rental property

Street Commissioner's Report

Dan Stucky, Street Commissioner
 Councilman Brian Spitznagel, Infrastructure Committee Chairman

The cold winter weather is still upon us, but it's never too early to get outside and improve the environment! Here are a few environmental tips to keep in mind during the winter season:

- Consider dormant seeding your lawn. This seeding method can be quite successful as the freeze and thaw cycles of winter pull seeds into the soil, increasing spring germination.
- Be a responsible dog owner and scoop the poop! Pet waste pathogens, like e-coli, end up in rivers and streams even during a winter thaw.
- Did You Know? When the ground does not freeze completely, grass continues to grow even under a blanket of snow

Upcoming Recycling Dates Reminders - As we have done in the past, the Village will be participating in the Cuyahoga County Solid Waste District's (CCSWD) recycling programs. All collections will take place at the

Service Center located at 6800 Dunham Road from 8am to 3:30pm. Call the Village Hall or visit CCSWD's website, www.cuyahogawd.org for a list of acceptable items.

PETS

Councilwoman Gloria Terlosky, Information Committee Chairwoman

I would like to start this article out with a quote I heard at a meeting I attended. It goes like this: "Unless one has loved an animal they are missing part of their soul." A pet owner will tell you that the positives outweigh the negatives. Most pets can get away with things that we would not permit our children to do.

Most households have a pet. Let me correct that statement; most households have more than one pet. For some reason we cannot have just one, kind of like eating potato chips. I wonder why that is? Could it be that pets are beneficial to our health? Well, they are. They can help lower your blood pressure, relieve stress, and even alert you to an impending seizure.

Dentists know the value of pets. Did you notice the last time you were in to have your teeth cleaned there was a fish aquarium in the middle of the waiting room? It was there for a reason, to relax you before you heard those two words "root canal." Watching pets swim, fly, jump or just sleep can be a distraction from our daily worries. They are like sentinels at the window or door just waiting for us. It does not matter how long you have had the pet, the

greeting is always the same, full of enthusiasm, ready and willing to give and receive love from us. They always seem to know exactly when we are coming home, that has always amazed me.

To most people, pets become a part of the family. They arrange their lives around their pets. Some pets are lucky enough to go on vacations with their owners. I know of nothing that can fill the "Empty Nest Syndrome" faster than a pet or two. So to Daisy, Ruby, Bonnie, Anny, Lucy, Bugaboo, Tweety and old cross-eyed Teddy, I love you for making all of our human lives a lot richer and healthier. To end with another quote, "Thanks for the memories."

Outpatient Drug Coverage: Part B vs. Part D

Your prescription drug costs and coverage depend upon which part of Medicare covers your medication. Understanding which part of Medicare should cover your drugs will point you towards the Medicare rules you need to follow. You can get Medicare prescription drug coverage through a Part D stand-alone prescription drug plan or through a Medicare Advantage Plan that includes prescription drug coverage.

Part B Usually Covers:

- Drugs your provider administers.
- Drugs administered at a dialysis facility (that buys the drugs themselves).
- A small number of outpatient prescriptions you get from the pharmacy (mainly certain oral cancer drugs for chemotherapy).
- Certain vaccines (usually only flu, pneumonia, and Hepatitis B). Make sure the pharmacy accepts your Part B coverage. If you have a Medicare Advantage Plan, check their rules about flu shot coverage.
- If you are a hospital outpatient, Part B should cover all medications that relate to the reason for your hospital visit.
- Tip: You usually pay a 20% co-payment after meeting the Part B deductible. If you have a Medicare Advantage plan, different costs may apply. If you get your medications from a pharmacy, make sure the pharmacy accepts your coverage.

Part D Usually Covers:

- Most drugs you get from the pharmacy or through mail order (outpatient drugs).
- Most prescription drugs that you can administer yourself.
- Vaccines not covered under Part B, including the shingles vaccine.
- If you are a hospital outpatient, Part D will cover medications that you administer yourself and do not relate to the hospital visit.
- Tip: Make sure it is included in your plan's formulary, which is the list of drugs they cover, and use a preferred network pharmacy.
- Tip: You usually pay a co-payment for your medications, once you meet a deductible. The amounts vary based on your plan and how much you have spent on prescription drugs so far this calendar year.

Note: If you are an inpatient in a hospital or skilled nursing facility, your drugs are usually covered by Part A.

Walton Hills Historical Resource Center Information

The Walton Hills Historical Resource Center (HRC), located in the Community Room, is looking for someone to take over the leadership duties of maintaining this valuable asset. As most residents know, the HRC displays local archives, memorabilia and historically significant material about this section of Bedford Township and the Village of Walton Hills. There's a lot of information located in the HRC that needs to be maintained including Jefferson

Walton's Civil War Discharge Papers and Pension Certificate, maps of the area dating back to the 1700s and newspaper articles. If this would be something you'd be interested in, or if someone you know might be interested in taking over these responsibilities, please contact the Village Hall. We'll get your message to Jean Kainsinger!

Thank You Carol James Florist

Our most sincere appreciation is extended to Carol James Florist, located at 451 Broadway Avenue in Bedford, for donating a beautiful floral arrangement for display in the Village Hall lobby every week.

Please patronize this wonderful florist!
Their phone number is 440.786.1811.

Spotlight on

Jane Nowicki

One of the many threads in the fabric of our Village

If you've visited the Walton Hills Village Hall through the years, you probably know Jane Nowicki. She has been a friendly face in Walton Hills, both living and working here, for many years. As Jane prepares for the next chapter of her life, retirement, we're going to take a look back at her past and ahead to her life after retirement.

Jane was born one minute before June, her identical twin sister, on January 26, 1956 at Mount Sinai Hospital in Cleveland. She spent the first year of her life living in Little Italy before her family moved to the west side, first to Brook Park and then to Parma Heights. In 1974, Jane graduated from Valley Forge High School. After high school, she attended and graduated from Cleveland State University where she earned a Bachelor's Degree in Communications. Jane said she remembers becoming interested in television, radio and communications when she was a young girl. Jane's uncle gave her a reel-to-reel tape recorder and she and her sisters recorded their own productions at home. She put her degree to use at Cleveland State; she worked in the Audio-Visual Department and as a typesetter for the school's publication, the *Cleveland State Cauldron*.

Jane started her first job at Waldenbooks during high school. It was located in the Southland Shopping Center in Middleburg Heights. She worked there during and after college. In total, Jane was there for ten years, six as a bookseller and then four years as assistant manager. She then became the manager of Waldenbooks at Southgate for a year before moving on to manage Waldenbooks at Summit Mall in Fairlawn. After seven years there, Jane was burned out on retail and decided it was time to move on to the next chapter in her life. She took a little over a year off, did some volunteer work, and considered her options. On March 14, 1994, Jane began work with the Village of Walton

Hills as assistant to Mayor Edward L. Thellmann.

Jane and her husband of 33 years, Tom, have lived in Walton Hills since 1983.

June's boyfriend set Jane and Tom up on a blind date in 1978. Tom, however, had a pretty good idea what his date would look like! They went to a Journey concert that evening and have been together ever since. She remembers driving through the village with Tom and seeing a "For Sale" sign in front of a house on Egbert Road; that was on a Friday. Jane called the realtor on Saturday, viewed the house on Sunday and then bought the house on Monday! She and Tom enjoy their home across from Bedford Reservation with their two cats. Jane said she loves living in Walton Hills because it is beautiful and peaceful and has an abundance of wildlife. She enjoys brisk walks through the Metroparks or biking on the Towpath or the Bike and Hike trail. She loves to cross country ski and is an avid swimmer. She swims every day in the summer at the Walton Hills Lake.

After retirement, Jane plans on doing a lot of traveling, especially to Florida, the western states and the national parks. Jane also plans on doing a lot of reading, volunteer work, and going to Progressive

Field to cheer on the Tribe! She is a devoted Indians fan and season ticket holder. She wants to thank Councilman Denny Linville for inviting her to be a partner in his season ticket package in the mid to late 1990s when the Tribe was at the top of their game! She has great memories of attending several playoff and World Series games. Jane's fandom goes back to the 1960s. She said she cried when the Indians traded Rocky Colavito for the second time! Jane also plans on brushing up on her gardening and culinary skills. She's a pescetarian, that's someone who is a vegetarian but also eats fish. Jane's going to have an adventurous retirement! We here at the Village of Walton Hills wish you a lot of good luck in your retirement Jane!

I have enjoyed my time at the Village Hall and am grateful for the opportunity to meet and assist many of our residents over the last twenty plus years. I am also thankful for the friendships I have made with my co-workers, and fondly remember Mayor Edward L. Thellmann, Business Manager Mike Deryar, Police Chief Joseph Barr and Officer Don Schulz who have all sadly passed away. Although it will be difficult to let go of my current routine and daily ritual, I am looking forward to embracing a new chapter in my life and I am excited about what lies ahead!
